Dear WCS Community,

Like many parents this time of year, I had the opportunity to take my daughter to college to get settled into her dorm. As I drove around her college campus, noticing the many clubs, teams, and groups, it made me appreciate how many opportunities she had while a student here in WCS, and how they collectively helped prepare her for this next step in her educational career. Those same opportunities and many more are here for your children as well. I encourage you to expect your children to participate in all that school has to offer as they will be better for it.

Back home in WCS this past summer, we completed the 2nd phase of bond work, making improvements to our schools across numerous areas. I remain thankful for the community's support of the 2016 bond issue, which has provided us the opportunity to maintain and upgrade our facilities to world class standards. From state of the art classroom technology to numerous infrastructure improvements like new marquees, upgrades in boilers, plumbing, electrical, flooring, and paving, our schools are in fantastic shape!

Most important, please join me in thanking ALL our staff members, regardless of the work they do, for providing an outstanding education for your children. Their tireless devotion during these extraordinary times should be recognized. Along with the commitment from our exceptional Board of Education, WCS is strong and ready to provide your child with an opportunity for a dynamic future just like my daughter was given. Let's all work together to make it happen.

Our first day of school is Tuesday, September 4, 2018, with a half-day in the morning for all students. Visit wcskids.net for information about the district, and should you have a specific question, please contact your child's school.

I look forward to seeing you in the community as we start another great year in WCS.

Sincerely,

Robert D. Livernois, Ph.D.
Superintendent
