Dear WCS Community,

Earlier today two students at Carter Middle School were involved in a physical altercation that was promptly addressed by the administration.

During the district required investigation that followed later in the day, one of the students was found in possession of a folding knife that was not in any way used during the altercation. However, given the current sensitivity to school safety and the potential spread of misinformation, I felt it necessary to share with you accurate information about the altercation.

Most important, at no time were any threats made to the school, and this was the result of two middle school students making very poor choices to settle a dispute. They will be disciplined in accordance with school policy.

If you have any questions or concerns, please contact WCS Director of Security and Crisis Management Brent Bott at 586-698-4110.

Sincerely,

Robert D. Livernois, Ph.D.
Superintendent
