March 13, 2018

Dear WCS Community,

In support of the 17 students who lost their lives in south Florida, many students across Warren Consolidated Schools will participate in a nationwide remembrance of them at 10:00am tomorrow, Wednesday, March 14th.

All of our high schools and middle schools have something unique planned at their building. I want parents to know while some activities may occur outdoors, none of our students will be simply "walking out" of school. In fact, our school principals have worked with our staff and student leaders to ensure that our events promote unity and respect among our students. This continues to support our belief that students who feel connected at school simply do better, are less prone to violence, and are more likely to share difficult information with the adults in their lives.

Most important, all of our events have been coordinated with appropriate staff supervision and students are not required to participate. Also, please know that nothing has been officially planned for our elementary schools and should something develop, we will respond appropriately.

To provide additional information, I have asked our school principals to contact their respective communities with specific information on the remembrances they have planned. Please look for this information tonight.

If you have any questions, please feel free to contact your child's principal. I appreciate your continued support and together, we continue to do great things for our children.

Sincerely,

Robert D. Livernois, Ph.D.
Superintendent
