Community High School Annual Education Report (AER) Cover Letter

August 15, 2014

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2013-2014 educational progress for the Community High School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Paul Yestrepsky, Principal, for assistance.

The AER is available for you to review electronically by visiting the following web site http://www.wcskids.net/curriculum/annual report/aer or you may review a copy in the main office at your child's school.

The state has identified some schools with the status of Reward, Focus, or Priority. A Reward school is one that is outperforming other schools in achievement, growth, or is performing better than other schools with a similar student population. A Focus school is one that has a large achievement gap in 30% of its student achievement scores. A Priority school is one whose achievement and growth is in the lowest 5% of all schools in the state.

Our school has not been identified as a "REWARD," "FOCUS" OR "PRIORITY" school this year.

Community High School is a Warren Consolidated Schools alternative high school. The primary objective of the school is to assist enrolled students in meeting their high school graduation requirements in a timely manner. The criteria for enrollment frames the school's challenges. Students recommended for Community High from the district's three comprehensive high schools tend to be credit deficient; have poor attendance patterns, chronic failure of classes; and/or chronic violation of the WCS's Student Code of Conduct. Currently, the parent is responsible for securing transportation to and from Community High School.

Hidden within the identification criteria are causes for students' eligibility – ranging from parental divorce; families losing their homes to foreclosure; employment loss by one or both parents; cycles of physical, psychological, and substance abuse; a parent or sibling with a terminal disease; student working full time to contribute to the family finances; and either identified and not treated, or unidentified mental illnesses. Most students come from single-parent households living in poverty.

These situations extending beyond the realm of the traditional school day present challenges for students and staff. The Community High School staff maintains uniting resources to increase the graduation rate and reduce the drop-out rate according to the prescribed AMOs.

To address Community High's focus on student graduation, the school improvement team enacted a number of interventions that include: Mandatory parent student school compact meetings upon registration; refinement of the Open House to include informing parents of Macomb County and WCS's available resources; creation of a seventh hour intervention day in which students are paired with a teacher mentor at which time attendance, academic performance, and learning interventions occur on individual student's behalf; teacher professional development focusing on balanced literacy and implementation of the Common Core in English language arts and strategies for working with at-risk youth; involvement in ALNET - a network of alternative high schools in Macomb County with the focus being on building community as well as teacher professional development in English language arts and mathematics; academic support for English language learners served with tutors in mathematics and English courses; intense offerings of seminars on topics that include developing positive life skills, college preparation, test preparation, substance abuse, and the thinking behind making good choices; Winning Futures mentoring program - volunteer professional mentors work with three students in a structured program aimed at goal setting and career preparation over a 40 week time period; increased enrollment of Community High School juniors and seniors at the Career Prep Center, Cousino Radio/TV and automotive, and the School of Performing Arts (WCSPA) with the intention of preparing students for life choices and careers after high school; and full staff commitment to connecting to all students.

The 2014-2015 school year holds much promise with the reinstatement of a .4 social worker to assist with "wrap-around-services" and year two of the English language acquisition support with the focus on test taking, note taking, social skills, technology skills and careers. Additionally, the staff remains committed to developing a cohesive positive behavior support system, training in mathematics common core, extending parent outreach activities to support parents and students in crisis, and training of staff in the Classroom Instruction that Works (CITW) model to strengthen instructional delivery.

State law requires that we also report the following additional information for the two most recent years:

1. PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL

Students are assigned to schools according to their address of residence within the district's boundaries. Parents may request another school within the District under the Open Enrollment process, however, transportation is not provided. The Board of Education has determined that it will allow nonresident students, residing within the Macomb ISD, but whose parent(s) reside in the District, and who qualify to enroll in the District through a Schools of Choice program.

- 2. This is the third year in a five year school improvement cycle following district accreditation. We have made minor adjustments to the plan based on the needs of our students.
- 3. Warren Consolidated Schools offers several specialized programs to meet the needs of a variety of learners.

The **Macomb Math and Science Center (MMSTC)** is an honors program for 9th – 12th grade students in 11 Macomb County districts who are interested in advanced/accelerated mathematics, science, and computer technology. Students must apply and be selected for the program based upon placement testing and teachers recommendation. The Center's program is a half day and students attend their home school for the remainder of the day. It is located at Butcher Community Center.

The **Middle School Mathematics Science Technology Center (MS)2TC** offers an advanced mathematics, science technology option for middle school students. Students who are accepted into the program will split their day between their home middle school, where they will take their social studies and two elective classes, and Butcher Educational Center, where they will take their mathematics, science and English language arts classes.

The Middle School- School of Performing Arts (MS-WCSPA) is an exciting, creative program that has been designed to build on the district's nationally-acclaimed, award-winning high school performing arts program (WCSPA) which is located in Sterling Heights High School. MS-WCSPA is intended for academically-focused and creative students who seek to blend their academic experience with interest in the performing arts. Students who are accepted into the program will split their school day between their home middle school, where they will take their language arts, science, and math classes, and Butcher Educational Center, where they will take their social studies and two performing arts electives. The performing arts electives will include visual arts, music, dance, and theatre exploratory experiences.

The **Career Preparation Center (CPC)** programs are open to Clintondale, Fraser, and Warren Consolidated 11th and 12th grade students. CPC programs are designed to provide students with skills to enter the workforce or continue with additional college or workplace training. Career Technical Education (CTE) classes at the CPC provide technical skills and knowledge.

Students enrolled in these programs are often able to earn technical certifications as well as college credit.

Community High School is an alternative education program for high school students. The primary objective of the school is to assist enrolled students in meeting their high school graduation requirements in a timely manner. It is located at the Flynn Educational Center along with the adult **ESL program**.

Year-round education offers many benefits for students and families such as increased student achievement and retention rates, more effective learning environment by reduced time spent reviewing, expanded enrichment and intervention opportunities for students, and expanded educational choice options for parents. Year-round education is offered at Fillmore, Siersma, and Holden Elementary Schools.

- 4. Warren Consolidated Schools follows all State of Michigan curriculum guidelines. The Board of Education has adopted a core curriculum based on Michigan Curriculum Framework, Grade-Level Content Expectations/Common Core State Standards, and Michigan Merit Curriculum approved by the State Board of Education. A copy of the core curriculum may be accessed at www.wcskids.net.
- 5. During the course of the 2013 school year, Community High students participated in the district IOWA assessment. Students were given the full battery in the fall and once again in the spring. The results indicated that Community High students are making progress towards increasing their English, reading, and mathematical skills. Additionally, 83.3% of Community High students met or exceeded their growth targets on the IOWA assessment.

IOWA ASSESSMENT	FALL 2013	SPRING 2014	NPR: CHANGE
Reading	22.43	23.0	0.6
Vocabulary	19.50	23.5	4.0
Written Expression	13.14	26.5	13.4
ELA Total	10.83	22.5	11.7
Mathematics	26.29	30.0	3.7
Computation	7.67	19.5	11.8
Math Total	15.83	24.0	8.2
Core Composite	12.33	23.5	11.2
Social Studies	17.50	25.5	8.0
Science	21.50	23.0	1.5
Complete Composite	20.86	23.0	2.1
Reading Total	13.33	24.5	11.2
Language Total	16.00	26.5	10.5

6. Parent Participation at Fall and Spring Conferences

YEAR	FALL	SPRING
2012-2013	20%	27%
2013-2014	22%	12%
CHANGE	+2%	-15%

Although the number of families attending conferences has dropped, Community High held several Honor Roll dinners and a Breakfast of Champions which was well attended by parents, guardians, and other family members.

- 7. Additional high school information:
 - a. Students in dual enrollment (0)
 - b. College equivalent classes offered (0)
 - c. Students enrolled in college equivalent classes (0)
 - d. Students who earned college credit during the 2013 school (0)

Community High School continues to celebrate their amazing commitment to our enrolled students and their families. Community High School offers high school students "a second chance" to earn a Warren Consolidated Schools' high school diploma. A committed staff including our clerical, custodial, security, instructional, counseling, and administrative work collaboratively to bring community services to students in need; connect students to various credit recovery opportunities; provide differentiated instruction; and connect student to the Winning Futures Mentoring program where they can learn essential career and collaboration skills. The Community High School staff celebrates our recent graduates, as nearly every student overcame incredible odds to earn their high school diploma, and look forward to guiding our current and future students to success.

Sincerely,

Paul M. Yestrepsky
Director of Alternative Education

Michigan Educational Assessment Program (MEAP)
