Wilkerson Elementary School Annual Education Report (AER) Cover Letter

April 22, 2016

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2014-15 educational progress for the Wilkerson Elementary School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Michael Schulte for assistance.

The AER is available for you to review electronically by visiting the following web site http://www.wcskids.net/curriculum/annual_report/aer, or you may review a copy in the main office at your child's school.

The challenges we face at Wilkerson include ensuring that we optimize our resources and that we continually strive to strengthen our Tier 1 instruction. Our standardized test scores have been inconsistent and because of this, we have taken steps in our school improvement plan to focus on strategies that reflect best practices in teaching. These best practices are research-based, aligned to the Michigan Standards and district curriculum, and provide timely intervention. The Wilkerson staff believes that one of the best practices that we use is guided reading. By implementing guided reading on a daily basis, we know our students reading skills will grow.

We will also continue to provide math instruction that incorporates flexible grouping and small group instruction. The staff will continue its professional development in the area of Classroom Instruction That Works (CITW) to provide a common language and practice among all the staff. In addition, we have implemented a Positive Behavior Intervention System (PBIS) that defines our expectations for all students in all areas of the school. These common expectations have allowed us to reinforce appropriate student behaviors. This in turn provides more time to focus on student learning.

Our school vision is centered on Susan Kovalik's Lifeskills. We build these 17 Lifeskills into our daily, weekly, and monthly lessons.

State law requires that we also report the following additional information for the two most recent years:

1. PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL

Students are assigned to schools according to their address of residence within the district's boundaries. Parents may request another school within the District under the Open Enrollment process, however, transportation is not provided. The Board of Education has determined that it will allow nonresident students, residing within the Macomb ISD, but whose parent(s) reside in the District, and who qualify to enroll in the District through a Schools of Choice program.

2. Wilkerson Elementary has four school improvement goals:

- All students will meet or exceed state and local standards in the area of mathematics.
- All students will meet or exceed state and local standards in the area of reading.
- All students will meet or exceed state and local standards in the area of writing.
- Wilkerson will be a professional Learning Community which collaborates to implement, monitor, evaluate and analyze goals and strategies related to student learning in reading, writing, math, science and social studies.

Currently, we are in year three of this plan. The staff will continue to implement best practices and research-based strategies which will continue to increase student achievement within these goals. Student data and progress will be monitored over the next 3-5 years in order to assess the effectiveness of the instruction.

3. Warren Consolidated Schools offers several specialized programs to meet the needs of a variety of learners.

The **Macomb Math and Science Center (MMSTC)** is an honors program for 9th – 12th grade students in 11 Macomb County districts who are interested in advanced/accelerated mathematics, science, and computer technology. Students must apply and be selected for the program based upon placement testing and teachers recommendation. The Center's program is a half day and students attend their home school for the remainder of the day. It is located at Butcher Educational Center.

The **Middle School Mathematics Science Technology Center (MS)2TC** offers an advanced mathematics, science technology option for middle school students. Students who are accepted into the program will split their day between their home middle school, where they will take their social studies and two elective classes, and Butcher Educational Center, where they will take their mathematics, science and English language arts classes.

The **Middle School- School of Performing Arts (MS-WCSPA)** is an exciting, creative program that has been designed to build on the district's nationally-acclaimed, award-winning high school performing arts program (WCSPA) which is located in Sterling Heights High School. MS-WCSPA is intended for academically-focused and creative students who seek to blend their academic experience with interest in the performing arts. Students who are accepted into the program will split their school day between their home middle school, where they will take their language arts, science, and math classes, and Butcher Educational Center, where they will take their social studies and two performing arts electives. The performing arts electives will include visual arts, music, dance, and theatre exploratory experiences.

The **Career Preparation Center (CPC)** programs are open to Clintondale, Fraser, and Warren Consolidated 11th and 12th grade students. CPC programs are designed to provide students with skills to enter the workforce or continue with additional college or workplace training. Career Technical Education (CTE) classes at the CPC provide technical skills and knowledge. Students enrolled in these programs are often able to earn technical certifications as well as college credit.

Community High School is an alternative education program for high school students. The primary objective of the school is to assist enrolled students in meeting their high school graduation requirements in a timely manner. It is located at the Flynn Educational Center along with the adult **ESL program**.

The Hatherly Educational Center supports the mission and vision of Warren Consolidated Schools in a variety of ways. The building is home to the WCS Early Childhood Special Education (ECSE) Program, the World of Fours (grant-supported pre-school for 4 year-olds) Program, Transitional kindergarten, and several Macomb-Intermediate School District Head-Start classrooms.

Year-round education offers many benefits for students and families such as increased student achievement and retention rates, more effective learning environment by reduced time spent reviewing, expanded enrichment and intervention opportunities for students, and expanded educational choice options for parents. Year-round education is offered at Siersma and Holden Elementary Schools.

4. Warren Consolidated Schools follows all State of Michigan curriculum guidelines. The Board of Education has adopted a core curriculum based on Michigan Curriculum Framework, Grade-Level Content Expectations/Michigan State Standards, and Michigan Merit Curriculum approved by the State Board of Education. A copy of the core curriculum may be accessed at www.wcskids.net.

CHANGE	-3%	-14%

The Wilkerson community has worked very hard on its goal to continue to raise student achievement. We believe that through the use of initiatives like the Lifeskills, PBIS, CITW, along with the many building initiatives undertaken by staff and the volunteers in our community, we will continue to provide the best learning environment for our students. I would like to thank the students, parents, and the entire staff for demonstrating their personal best on a daily basis. I thoroughly enjoy working with the Wilkerson staff and all of our stakeholders. We will continue our mission of making Wilkerson a great place to learn each and every day.

Sincerely,

Michael Schulte

Principal, Wilkerson Elementary School
