Susick Elementary School School Annual Education Report (AER) Cover Letter

April 8, 2019

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2017-18 educational progress for Susick Elementary. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Michele Babbish for assistance.

The AER is available for you to review electronically by visiting the following web site <http://bit.ly/2VUbwhK>, or you may review a copy in the main office at your child's school.

For the 2017-18 school year, schools were identified using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one subgroup performing in the bottom 25% within each applicable accountability index component.

An Additional Targeted Support (ATS) school is one that has three or more underperforming student subgroups as defined by TSI definition above.

A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a graduation rate at or below 67%. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school has not been given one of these labels.

Susick Elementary continues to improve in the areas of English Language Arts and Mathematics. The school district has provided strong support and professional development for our kindergarten through 5th grade teachers that help with Tier 2 skill-based intervention specific to reading. We have identified the needs of our students based on their student achievement scores from district and state assessments to determine their need for additional academic support. We will continue to focus on skill based intervention in both Math and English Language Arts to meet the needs of our students.

State law requires that we also report additional information.

1. PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL

Students are assigned to schools according to their address of residence within the district's boundaries. Parents may request another school within the District under the Open Enrollment process, however, transportation is not provided. The Board of Education has determined that it will allow nonresident students, residing within the Macomb ISD, but whose parent(s) reside in the District, and who qualify to enroll in the District through a Schools of Choice program.

2. THE STATUS OF THE 3-5 SCHOOL IMPROVEMENT PLAN

We focused on three goals for the school year. Our goal for all students to improve in the areas of Math and Reading are pursued through daily skill based instruction in both areas. In reading, teachers follow the proven strategies of "The Next Step Forward" by Jan Richardson. Teams meet quarterly as part of our MTSS structure, to discuss the activities and progress of students and the next steps to ensure their growth. A similar system is used in identifying and addressing student needs in the area of Math. Additional support is provided for at risk students through our Title I and Language Acquisition program on a daily basis. Finally, our school committed to building a more positive community by adapting a schoolwide communication system called BLOOMZ. This app is used to increase communication between Teachers and families. We also, initiated a PBIS committee that creates schoolwide activities and lessons that promote a positive school culture.

3. A BRIEF DESCRIPTION OF EACH SPECIALIZED SCHOOL

Warren Consolidated Schools offers several specialized programs to meet the needs of a variety of learners.

The **Macomb Math and Science Center (MMSTC)** is an honors program for 9th – 12th grade students in Macomb County districts who are interested in advanced/accelerated mathematics, science, and computer technology. Students must apply and be selected for the program based upon placement testing and teachers recommendation. The Center's program is a half day and

Susick Elementary School School Annual Education Report (AER) Cover Letter

students attend their home school for the remainder of the day. It is located at Butcher Educational Center.

The **Middle School Mathematics Science Technology Center (MS)2TC** offers an advanced mathematics, science technology option for middle school students. Students who are accepted into the program will split their day between their home middle school, where they will take their social studies and two elective classes, and Butcher Educational Center, where they will take their mathematics, science, and English language arts classes.

The **Middle School Visual and Performing Arts (MS-VPA)** is an exciting, creative program that has been designed to build on the district's nationally-acclaimed, award-winning high school performing arts program (WCSPA) which is located in Sterling Heights High School. MS-VPA is intended for academically-focused and creative students who seek to blend their academic experience with interest in the performing arts. Students who are accepted into the program will split their school day between their home middle school, where they will take their language arts, science, and math classes, and Butcher Educational Center, where they will take their social studies and two performing arts electives. The performing arts electives will include visual arts, music, dance, and theatre exploratory experiences.

The **Career Preparation Center (CPC)** programs are open to Clintondale, Fraser, and Warren Consolidated 11th and 12th grade students. CPC programs are designed to provide students with skills to enter the workforce or continue with additional college or workplace training. Career Technical Education (CTE) classes at the CPC provide technical skills and knowledge. Students enrolled in these programs are often able to earn technical certifications as well as college credit.

Community High School is an alternative education program for high school students. The primary objective of the school is to assist enrolled students in meeting their high school graduation requirements in a timely manner. It is now located at the Hatherly Educational Center.

Early Childhood Education is an important part of the mission and vision of Warren Consolidated Schools. A variety of early learning classrooms are housed in our elementary buildings. These programs include WCS Early Childhood Special Education (ECSE) Program, the World of Fours (grant-supported preschool program for 4 year-olds), fee-based 3-year-old and 4-year-old preschool, transitional kindergarten, and several Macomb-Intermediate School District Head-Start classrooms.

4. IDENTIFY HOW TO ACCESS A COPY OF THE CORE CURRICULUM, A DESCRIPTION OF ITS IMPLEMENTATION

Warren Consolidated Schools follows all State of Michigan curriculum guidelines. The Board of Education has adopted a core curriculum based on Michigan Curriculum Framework, Grade-Level Content Expectations/Michigan State Standards, and Michigan Merit Curriculum approved by the State Board of Education. A copy of the core curriculum may be accessed at www.wcskids.net, under Parent Resources on our school page.

5. THE AGGREGATE STUDENT ACHIEVEMENT RESULTS FOR ANY LOCAL COMPETENCY TESTS OR NATIONALLY NORMED ACHIEVEMENT TESTS

In the Fall of 2017, Warren Consolidated Schools administered Northwest Evaluation Association’s measure of Academic Progress (MAP Growth assessment). This test was given again the Spring of 2018. ELA and Math assessment results are listed below.

ELA	GR	Total Students	Lo	Pct	LoAvg	Pct	Avg	Pct	HiAvg	Pct	Hi	Pct

Susick Elementary School is dedicated to providing a quality education by nurturing the academic and emotional needs of all students in a safe and respectful environment. As a staff, we strive to create meaningful relationships that foster student success. I would like to thank the families and community members for their constant support of our goals. Because of you, Susick is a great place to work and an even better place to learn!

Sincerely,

Mrs. Michele Babbish, Ed.S
 Principal of Susick Elementary School
