Introduction

The SIP is a planning tool designed to address student achievement and system needs identified through the school's comprehensive needs assessment (CNA). Additionally, the SIP provides a method for schools to address the school improvement planning requirements of Public Act 25 of the Revised School Code and the Elementary and Secondary Education Act (ESEA) as applicable.

Improvement Plan Assurance

Introduction

During the 2016-2017 school year, schools will have two options for Goals and Plans. 1. Update Goals and Plans, if necessary, based on analysis of data and Program Evaluation; 2. Complete and upload the Abbreviated Goals and Plans template into ASSIST, based on analysis of data and Program Evaluation.

Title I Targeted Assistance Diagnostic

Introduction

This diagnostic tool is aligned to requirements for Title I Targeted Assistance schools. As described in sections 1111(b)(1), 1114 (b)(1)(A) and 1309(2) of the Elementary and Secondary Education Act (ESEA), the Comprehensive Needs Assessment (CNA) requirement is met by completing a School Data Analysis (SDA) and School Process Profile (SPP). The Comprehensive Needs Assessment must be completed prior to creating a new plan or annually updating an existing school improvement plan. Use the results of the Comprehensive Needs Assessment to develop Goals/Objectives/Strategies and Activities. Ensure that the Comprehensive Needs Assessment addresses all four types of data: student achievement data, school programs/process data, perceptions data (must include teachers and parents; student data is encouraged), and demographic data. The Comprehensive Needs Assessment must also take into account the needs of migratory children as defined in Title I, Part C, Section 1309(2).

Component 1: Needs Assessment

1. How was the comprehensive needs assessment process conducted?

Our staff collaboratively participated in the comprehensive needs assessment during half day PLC meetings as well as monthly staff meetings during the 2016-2017 school year. Data reports were accessed either electronically or in paper from Data Director, Data Manager, BAA, CEPI, MI School Data and PowerSchool. The school improvement team initiated the analysis process during PLC meetings. Led by the school improvement team, Black Elementary Staff identified achievement gaps in all content areas for all students and sub groups with multiple test results. Staff then looked for connections/themes that aligned with staff/parent/student, program, demographic input. As a result, students were chosen with the following entrance criteria for supplemental Title I services based on the following fall DRA scores:

Kindergarten-based on MLPP scores of knowing >10 letters or sounds

Grade 1 - DRA 3 or below

Grade 2 - DRA 10 or below

Grade 3 - DRA 18 or below

Grade 4 - DRA 28 or below

Grade 5- DRA 38 or below

In addition, the IOWA test from spring the previous year and this year's NWEA scores were examined to determine the bottom 30% of students. This data analysis, in combination with need as defined by the DRA test, teacher observation and beginning of the year basic skills testing in reading, is used to identify students who are eligible for Title I services.

Finally, staff prioritized the areas of greatest need for all and identified sub groups and preliminary priority goals. Staff worked together to develop strategies and activities to obtain our goals. The school improvement team used the results to complete a final alignment to ensure that all data results aligned with the priority goals. Additionally, the team completed the School Data Analysis diagnostic in AdvancED. SIP team leaders communicate with staff at PLC meetings to ensure all stakeholders are involved in the process. As determined by the staff (at PLC meetings), the staff rated ourselves as a level two in data analysis (as part of the Self-Assessment). As a result, the SIP team as well as the staff determined that there is a need for further professional development in data analysis. A Parent representative was invited to be a member of the school improvement team by the principal. The principal explains the process for the SIP meetings during a face-to-face meeting with the parent. The parent who accepted the invitation attended as many meeting as possible. We encourage the parent to ask questions anytime during the meeting so there is no confusion. She was helpful in providing a parent perspective. Parents worked specifically on the parent involvement plan and activities, and reviewing parent and student survey data, which was completed on the computer during the month of April. Surveys were available on the district webpage and notes were sent home with each student to encourage parent participation. The parent representative and principal are encouraged to share updates at PTO meetings. We sought additional input regarding the school culture, curriculum, Title I program, and specific parent concerns from parents through discussion questions addressed at the Spring Title I Evaluation meeting. Parent input was also welcome at PTO meetings or through conferences with teachers and/or the principal.

2. What process was used to identify children who are failing or most at risk of failing to meet the state core curriculum standards in the four core academic areas?

School Improvement Plan

Black Elementary School

Our staff collaboratively participated in the comprehensive needs assessment during 1/2 day PLC meetings as well as during staff meetings during the 2016-2017 school year. Data reports were accessed either electronically or in paper from Data Director, Data Manager, BAA, CEPI, MI School Data and PowerSchool. The school improvement team initiated the analysis process during PLC meetings. Teachers conducted data digs at four grade level intervention meetings and met with the intervention team to discuss the progress of the all students and make adjustments to the services provided. Led by the school improvement team, Black Elementary staff identified achievement gaps in all content areas for all students and sub groups with multiple test results. Staff then looked for connections/themes that aligned with staff/parent/student program, demographic input. As a result, students were chosen with the following entrance criteria for supplemental Title I services based on the following fall DRA scores:

Grade 1 - DRA 3 or below

Grade 2 - DRA 14 or below

Grade 3 - DRA 24 or below

Grade 4 - DRA 30 or below

In addition, the IOWA test from the previous spring and the current NWEA scores are examined to determine the bottom 30% of students. This data analysis, in combination with need as defined by the DRA test and basic reading skills summaries, such as Dolch sight word inventories and the San Diego Quick Assessment, is used to identify students who are eligible for Title I services.

Finally, staff prioritized the areas of greatest need for all and identified sub groups and preliminary priority goals. Staff worked together to develop strategies and activities to obtain our goals. The school improvement team used the results to complete a final alignment to ensure that all data results aligned with the priority goals. Additionally, the team completed the School Data Analysis diagnostic in AdvancED. SIP team leaders communicate with staff at PLC meetings to ensure all stakeholders are involved in the process.

3. List the multiple, educationally related, objective criteria established for the needs assessment process - consistent by grade level and content area - to identify children who are failing or most at risk of failing to meet the state core curriculum standards in the four core academic areas.

After assessing the data and needs of the students, the SIP team at Black Elementary determined that Tier III Title I services would focus primarily on Language Arts support. Data has shown that students who struggle in one or more of the core subject areas consistently struggle with reading, which consequently impacts their success in all four content areas. As a result, the Title I program at Black primarily provides Language Arts support services with the belief that as the at risk students increase their reading level, they will be more successful in the remaining core content areas.

Additional criteria used to identify and select students for services are:

- Iowa State Assessments
- DRA scores
- Dolch Sight Word Assessment
- Easy CBM testing
- District Writing Assessments - "not proficient" based on the scoring rubric
- Attendance Issues: significant absences, tardies, truancy
- Homeless

English Language Arts:

Reading Grade Span: These criteria were used to identify at risk students grades K-5.

Identification/Criteria for Selection: Students were identified as "at risk" based on their DRA scores throughout the school year. Teacher input was also considered when identifying students as at risk of failing, based on completion/challenges of daily classroom activities.

Writing Grade Span: These criteria were used to identify at risk students grades K-5.

Identification/Criteria for Selection: Students were identified as "at risk" based on NWEA scores compared multiple times throughout the school year. In addition, MSTEP scores were used in grades where the applicable subject area was assessed. Teacher input was also considered based on completion of daily activities as well as daily observation.

Math Grade Span: These criteria were used to identify at risk students grades K-5.

Identification/Criteria for Selection: Students were identified as "at risk" based on NWEA scores compared multiple times throughout the school year. In addition, MSTEP scores were used in grades where the applicable subject area was assessed. Students also qualified as at-risk based on common grade level assessments. Teacher input was also considered based on completion of daily activities as well as daily observation.

Science Grade Span: These criteria were used to identify at risk students grades K-5.

Identification/Criteria for Selection: Students were identified as "at risk" based on NWEA scores compared multiple times throughout the school year. In addition, MSTEP scores were used in grades where the applicable subject area was assessed. Students also qualified as at-risk based on common grade level assessments. Teacher input was also considered based on completion of daily activities as well as daily observation.

Social Studies Grade Span: These criteria were used to identify at risk students grades K-5.

Identification/Criteria for Selection: Students were identified as "at risk" based on NWEA scores compared multiple times throughout the school year. In addition, MSTEP scores were used in grades where the applicable subject area was assessed. Students also qualified as at-risk based on common grade level assessments. Teacher input was also considered based on completion of daily activities as well as daily observation.

4. For schools with preschool through grade 2: Describe the identification process for preschool through grade 2 if it is based solely on criteria such as teacher judgment, interviews with parents and developmentally appropriate measures that determine which children are failing or most at risk of failing to meet the State's challenging content and student performance standards.

During PLC meetings, Grade level data dig sessions and common prep times, teachers in kindergarten through grade two worked with the Title I teacher and principal to identify students based on the following criteria:

-Spring IOWA test scores in the bottom 20-30% National Percentile Ranking

-Current NWEA scores in the bottom 20-30%

-Spring State assessment scores in the bottom 20-30% of the school

-Teacher recommendation: In collaboration with the Title I teacher, classroom teachers identified students as at risk based on DRA2 scores, MLPP scores, classroom observations of daily work and grade level assessments, and parent concerns were also considered as they were expressed to classroom teachers.

-DRA2/Running Record of at least one year below grade level

Currently, kindergarten students are not considered eligible for services until January, at which point teachers have completed DRA testing.

Kindergarten students who are still non-readers would then qualify for Title I support services, which consists of additional practice with letter identification and phonics twice per week.

-District Writing Assessment -"not proficient" based on the scoring rubric

-Homelessness

Component 2: Services to Eligible Students

1. Describe the Title I, Part A program services which are provided to ensure eligible children receive supplemental assistance in the four core academic areas.

Data reports were created from Data Director, which included state assessment data, local assessment data and DRA2 data. The bottom 30% were highlighted and cross referenced with socio-economic need and teacher recommendation if applicable. Further reading skills assessments were administered to the identified students. This is consistent by grade level and content subject. Data reports are reviewed by Title I staff, teachers, and building principal during PLCs as well as during SIP meetings if necessary.

Students who qualify for these additional services receive additional guided reading, fluency and comprehension practice, from the Title I and Language Acquisition teacher and aide, which spans all four core subject areas, a minimum of three to five times per week. Students also receive additional writing practice with activities such as thinking maps, which are used to follow-up the guided reading process. This service provides intense, small group instruction that is at the students' level. In addition, students may receive take-home book bags with leveled readers. When data is analyzed and it is evident that a student is not making adequate growth with the double dose guided reading Tier III intervention, the strategy used is modified. More direct instruction or level of support is adjusted. When funding is available, Title I students may also receive summer reading support through our motivational summer reading program, which is facilitated by school staff. These services span grades K-5 throughout the school year.

Component 3: Incorporated Into Existing School Program Planning

1. How is program planning for eligible students incorporated into the existing school improvement planning process?

Black Elementary has been involved with the NCA/AdvancED School Improvement Process for over 15 years. The members of the school improvement team were involved in all aspects of the plan. School improvement meetings were held to provide opportunities for collaboration between staff, administration, and parents. The principal and grade level teacher representatives each took a portion of the plan to work on and gather data. Staff examined student achievement data (state and local assessments), school programs/process data (progress monitoring results, self-assessments), perceptions data (various stakeholder surveys), and demographic data throughout the year during 1/2 day Professional Learning Community (PLC) time and Grade Level and intervention team data digs. The Targeted Assistance Plan is aligned with the Common Core State Standards (CCSS), and Public Act 25. Warren Consolidated Schools has a process for the review and revision of curriculum on a timely basis. Curriculum teams, which include the Chief Academic Officer, administrators and teachers, meet to review and revise curriculum in accordance with State and district timelines. A Curriculum Review multi-year planning calendar is on file in the Curriculum and Instruction Office through the year 2018.

Component 4: Instructional Strategies

1. Which instructional strategies in the plan focus on helping eligible students reach the State's standards in the four core curriculum academic areas?

Our strategy of supplementary guided reading with the Title I teacher provides Title I students with additional time and practice in the areas of reading comprehension, fluency and writing. Students receive supplemental reading instruction with both fiction and nonfiction texts, which include social studies and science. Often, an appropriate thinking map is used after reading these texts to help the students organize their thoughts and main ideas from the reading. This instruction is provided up to five times per week for thirty to forty minute sessions as a double dose of guided reading and in addition to their core-content classroom instruction. As data is analyzed on an ongoing basis, the intervention team and staff add additional direct instruction for students that are not making adequate growth. The state assessments show the national percentile ranking of the students in each subcategory of each content area. These results are analyzed by the intervention team to identify the areas of greatest need. Quantitatively, students will increase time spent engaged in leveled reading group instruction across the core content areas. This will accelerate progress as at-risk students spend more time in this instructional area than their non-at-risk counterparts.

2. Identify the research-based methods and strategies in the plan that ensure effective methods will be utilized to improve overall student academic achievement.

As was indicated in the IOWA data analysis from Spring 2016, English Language Arts core composite scores continue to be a concern for the at risk population at Black Elementary. These deficits were also noticed in the DRA testing done throughout the 2016-2017 school year with our students. In order to provide students with meaningful, non-linguistic representations, as defined in McREL's Classroom Instruction that Works (2012), Title I students receive additional guidance with thinking maps following double dose guided reading lessons with the Title I teacher. This practice provides Title I students with tools to organize their thoughts and informational texts in a non-linguistic way. The careful use of non fiction passages, the paired reading texts in the Leveled Literacy Intervention kit (LLI) and guided reading books from the Literacy Library span across all four core content areas. Thus, Title I students have additional practice in synthesizing informational texts throughout all subject areas. Additionally, students that continue to struggle are given direct phonics and oral language support through the Reading Mastery program to help them make gains.

3. Describe your extended (supplemental) learning program, including how it provides an accelerated quality curriculum.

Title I students receive extended learning opportunities provided by the Title I teacher, in addition to Tier II support within the classroom. Services provided by the Title I teacher occur in thirty to forty minute increments, up to five times per week. Services include direct instruction in small groups, double dose guided reading and writing with the use of thinking maps. Texts are chosen to span across all four core content areas, therefore, providing supplemental guided reading cross curricular. In addition, upon the completion of many texts, students complete an appropriate thinking map to show important content and organize their deep thinking about the texts. Supplemental instruction with the Title I teacher is provided to students in grades kindergarten through grade five. Student data is monitored throughout the year during PLC meetings, common prep times, MTSS meetings and school improvement meetings. The building administrator, Title I staff, special education staff, and general education staff examine a variety of student-level data. Reports are available from Data Director which contain MSTEP, DRA, and common assessment data. NWEA scores are able to be accessed through their site. These are supplemented with classroom grades accessible through PowerSchool. Data analysis is a regular part of PLC meetings and MTSS meetings where intervention staff and
SY 2017-2018

general staff come together to determine any academic impact for students. Since the implementation of the TA program at Black Elementary, we have seen evidence that supports the effectiveness of extended, supplemental learning opportunities. Parent involvement has increased with at-risk students since the implementation of the TA program. This is assessed through the tracking of parent participation at Title I parent events. Student movement in the TA program is another indication that supplemental learning time leads to student success, which is tracked by the Title I teacher and classroom teachers with Grade level data digs, intervention meetings and entrance/exit dates. Ultimately, the effectiveness of supplemental learning time will continue to be assessed by monitoring the achievement gap between academically at-risk students and those who meet the state standards.

4. Describe how you ensure that students are rarely pulled from their regular classroom to receive supplemental instruction through extended learning opportunities.

In order to interfere as little as possible with classroom instruction, the Title I teacher creates a schedule that coordinates as much as possible with the classroom teachers' instruction. The students are provided double dose guided reading instruction during the grade level Literacy block so that core instruction provided by the classroom teacher is not missed. The schedule is consistent to provide the teacher the ability to appropriately plan lessons. In addition, the Title I teacher is familiar with the Language Arts curriculum across the grade levels and provides support that aligns to the classroom instruction, using common vocabulary and the schools' initiative of thinking maps.

Component 5: Title I and Regular Education Coordination

1. In what ways do ongoing coordination and integration occur between regular education and supplemental Title I, Part A programming - including services for children with Limited English Proficiency, if applicable?

Through the PLC and grade level intervention meeting process, teacher teams meet with Title I staff to coordinate student services. In addition, the Title I and EL teacher review data throughout the year to monitor the needs of students and services are coordinated at these times, with new students being added as needed. The Title I teacher serves on the school improvement team and participates in the coordinated planning, implementation, monitoring and evaluation of the School Improvement Plan and Title I Components. Since the Title I and ELL teachers share a classroom, these support teachers communicate regularly to ensure that at-risk students are receiving the most beneficial services possible. Communication between classroom teachers and the Tier III staff occurs daily and in more detail on an as needed basis. Flexible schedules are created to service the students across grade level during the English Language block within the classrooms.

2. For schools with kindergarten: Describe the school's transition plan for preschool age children that involves more than a once a year visitation to the kindergarten classroom.

Although Black Elementary does not house a preschool program, a district-level informational meeting is held on two evenings for parents of incoming kindergartners. Parents are invited through district mailings and through preschool programs. Principals have an opportunity to meet the families of preschoolers at this meeting to talk about their school. Early childhood grants, Headstart and Great Start Readiness Program (WCS World of Fours Program), provide classrooms of free, quality preschool programs at Green Acres, Holden, Lean, and Siersma Elementary schools, to children across the district. The programs focus heavily on building early literacy and math skills to support their success as they prepare for kindergarten. Parent involvement activities are regularly scheduled, and an advisory group works cooperatively with early childhood and building staff. Additionally, WCS offers family-paid preschool opportunities to those families that do not qualify for Headstart or Great Start Readiness programming at Hatherly Educational Center, Siersma, Susick, and Wilde Elementary Schools, which also include parent involvement activities throughout the year to support a successful transition to kindergarten. Building level kindergarten round-up events occur each spring after the informational meetings. Our district also offers literacy and oral language training in the spring of each year to preschool parents to support successful summer to fall transitions to kindergarten.

Component 6: Instruction by Highly Qualified Staff

Label	Assurance	Response	Comment	Attachment
	1. Do all of the Title I, Part A instructional paraprofessionals meet the NCLB requirements for highly qualified? Provide an assurance statement regarding this.	Yes	At this time, Black Elementary does not employ paraprofessionals as part of the Title I Targeted Assistance Program.	

Label	Assurance	Response	Comment	Attachment
	2. Do all of the teachers meet the NCLB requirements for highly qualified? Provide an assurance statement regarding this.	Yes	All teachers have met the criteria for Highly Qualified. Personnel files include a signed statement by each staff member attesting to their status of "highly qualified". The Human Resources Department monitors the personnel files for accuracy.	

Component 7: High Quality and Ongoing Professional Development/Learning

1. What types of ongoing and sustained professional development/learning will the staff (teachers, principals, and paraprofessionals) receive to work with Title I Part A eligible children in the Targeted Assistance program or in the regular education program?

At the district level, the staff receives appropriate training throughout the school year to support identified areas of focus, to support curriculum mapping of the content. Content Specialists provide individual and building support on an as needed basis, along with professional development for best practices at staff meetings and PLCs. An online bank of resources is available for teachers to access for additional support in English Language Arts and Mathematics. These include district purchased resources to support the curriculum as well as videos, sample lessons and articles to showcase best practices. Some members of the staff have been trained in Classroom Instruction that Works. The staff participates in on-going professional development opportunities, such as Thinking Maps Training by a district trainer, throughout the year during staff meetings and PLCs.

2. If appropriate, what types of ongoing and sustained professional development/learning will be provided to parents, pupil services personnel, and other staff who work with Title I Part A eligible children in the Targeted Assistance program or in the regular education program?

Professional development is sustained and ongoing through PLC meetings, regularly scheduled staff meetings and the district's commitment to long term professional learning opportunities particularly in ELA and Mathematics. Content specialists provide training throughout the school year, which is available and applicable to classroom teachers as well as Title I staff. Parents have been invited to a bi-monthly coffee hours to help provide understanding and support with school initiatives. Additionally, two Title I meetings are held to help the parents understand the programming and support available for the students. Reading strategies are explained so that they may be used at home to support growth. A summer bridge program is also offered to help the students retain their abilities over the summer.

	3. Your school's professional development/learning plan or calendar is complete.	Yes		

Component 8: Strategies to Increase Parental Involvement

1. How are parents involved in the design of the Targeted Assistance program plan?

As an effort to provide parents with the opportunity to contribute to the design of the Targeted Assistance program, the Title I teacher holds an introductory fall Title I meeting. This meeting presents a background of the TA program at Black and provides parents with the opportunity to express their needs and desires for the program. Parents also provide input at monthly Parent Teacher Organization Meetings. Parent surveys are completed annually to evaluate the Title I services, along with other building and district goals. These serve as a guide for program design for the upcoming year. Parent input is also collected during the Spring Title I meeting, where the Title I teacher reviews the program as well as the Parent/School Compact. The School Improvement team uses findings related to the Comprehensive Needs Assessment to complete a final plan alignment to ensure that all data results are aligned with the priority goals. Additionally, the team completed the School Data Analysis diagnostic in Advance-ED. SIP Team leaders communicate with staff at PLC meetings to ensure all stakeholders are involved in the process. The intervention staff also communicates with staff during grade level intervention meetings so that teachers are involved in the process and can be liaisons when communicating with parents. Parent representative(s) are invited to be members of the School Improvement team by the principal. The principal explains the process for the SIP meetings during a meeting in the fall. Parents who accept attend as many meetings as possible. We encourage parents to ask questions any time during the meeting so there is no confusion. They are helpful in providing the parent perspective. Parents work specifically on analyzing parent input, survey results, and how to implement necessary changes as suggested by that parent input. School Improvement information is shared before monthly PTO meetings.

2. How are parents involved in the implementation of the Targeted Assistance program plan?

All teaching staff and support staff are responsible to support the improvement of parent involvement. The principal is responsible for ensuring adequate release time, funds, and promotion of parent involvement events. After each event or activity, parents complete a survey so that staff can gauge the future needs and wants for more activities and events.

Based on the information gathered at the Title I fall parent meeting and monthly coffee hours for the English Language families, the Title I teacher and EL teacher coordinate to implement a program that is designed to meet the needs of the TA families. Within this program, the Title I teacher provides suggestions and materials for parents to use at home to support student learning. The parent compact serves as an agreement between the regular education classroom teacher, the parent, the Title I teacher, the student, and the administrator. Based on this document, parents pledge to implement strategies at home to support the efforts of the TA staff and to contribute to student success. The parent compact is revisited with parents at parent-teacher conferences and as necessary throughout the school year as an effort to maintain parent involvement in the implementation of the TA program.

	3. Are parents involved in the evaluation of the Targeted Assistance program plan? How are parents involved in the evaluation of the Targeted Assistance program plan?	Yes	Parents communicate regularly with the classroom teachers as well as the Title I teacher to express any comments or concerns with the TA program. The Title I teacher conducts parent surveys that provide parents with an opportunity to evaluate the TA program. The plan is formally reviewed by stakeholders each spring using all four data measures (achievement, program/process, demographic and perception data) as well as at the Title I Spring Parent Meeting. This feedback drives any changes to the TA program	

4. Describe how the parent involvement activities outlined in Section 1118 e (1)-(5) and (14) and Section 1118 (f) are implemented.

1. The district web page under the Parent Resources tab provides information on: Common Core State Standards; support for cross curricular online enrichment by grade level; resources on understanding the M-Step assessment and how to access and monitor students' grades in "Parent Portal" (parent log-in to check student attendance, overall grades, and class grade progress) and understanding the district report cards. It also provides translation in Arabic and Albanian for some resources, such as understanding health and safety laws and curriculum. At the school level, Black Elementary holds a fall Title I parent meeting to inform parents of the services entitled to their students as well as the demands of the current curriculum and how the Title I program will offer support. Teachers also present curriculum information and establish communication routines during the fall Meet the Teacher night. Teachers and Title I staff communicate regularly with parents regarding student progress using programs such as the parent portal and the school website. Title I and classroom teacher websites help parents stay informed as to the curriculum and strategies being used in the classrooms.

2. The district web page provides links to parent resources available through various websites, and content-specific video tutorial sites. The district summer preschool program provides training and materials on reading to young children. Black Elementary also provides parents with resources as well as learning sites to support student learning at-home. Available technology is shared during Title I parent meetings.

3. The staff and administration continue to support professional growth by providing short presentations during PLC time to share resources they have accumulated from other conferences and in-services. During school improvement meetings, the administrator invites parent stakeholders to share ideas of how to continue to strengthen ties between the school and the larger community.

4. The district promotes further parent involvement through programs such as Boosters, communications with other district schools, GSRP/World of Fours Program, and Headstart. In addition, Black Elementary implements elements of the Making Macomb Transitions program.

5. WCS provides information to parents in a variety of formats to meet the needs of our diverse population. Interpreters (bilingual and hearing impaired) are available to provide translation services during fall and spring conferences and throughout the year at parent meetings. All staff may use Language Line, a real-time translator phone service, as a mode of communication. Each school and classroom may access Language Line at any time. A video tutorial for accessing the service is available for staff use. NWEA assessment results are explained in parent friendly language in a PowerPoint with oral presentation that is available under the "Parent Resources" section of our district webpage. Staff shares results with parents during conferences or informal discussions, phone calls, emails and newsletters using parent friendly/non-academic language. When necessary, Title I staff, teachers, and administration at Black Elementary provide informational notes home in multiple languages other than English. To provide parental support, staff regularly makes accommodations. Parent teacher conferences are scheduled with flexibility; including

before and after school, and during prep periods to accommodate parent schedules. Specifically, Title I events are scheduled during the school day and evening hours to accommodate as many family schedules as possible. Monthly coffee hours are used to get translated information to families with English Language Learners and strengthen the school community.

School Improvement Plan

Black Elementary School

6. Parents of students with disabilities and limited English proficiency are provided opportunities for full participation in the education of their children. Parents are encouraged to participate in all school events, including parent teacher conferences, progress reports, report cards, IEP progress reports and translation services. All WCS buildings are handicapped accessible. A Title III Family Resource Assistant, bilingual interpreters and hearing-impaired interpreters are available to assist parents during school functions. The WCS website has the ability for information to be translated immediately upon input. "Language Line", an on-demand phone interpretation service is available in all school offices and administration building. Homeless families may utilize transportation resources upon request. The staff at Black Elementary utilize these services as necessary to support Targeted Assistance families.

5. Describe how the parent involvement activities are evaluated.

Black Elementary evaluates parent involvement activities based on multiple criteria. The parent involvement team is responsible for evaluating each parent activity. This team consists of the Title I teacher, the school improvement leadership team, and the principal. Staff is included in dialogues which are conducted at monthly staff meetings and PLCs. Parent participation is monitored through attendance at individual events. This information helps the SIP team to identify which programs are well received by TA parents. Specific feedback questionnaires are used as "exit tickets" to elicit immediate responses from parents regarding particular events. In addition, the Title I teacher collects data through surveys to determine the needs and wants of parents regarding additional activities.

6. Describe how the school-parent compact is developed.

In coordination with the district, Black Elementary uses the school-parent compact that was developed at the district level. Based on parent input from the School Improvement team representative(s), the compact is altered as necessary to meet the needs and suggestions of the parents.

8. How does the school provide individual student academic assessment results in a language parents can understand?

WCS provides information to parents in a variety of formats to meet the needs of our diverse population. Interpreters (bilingual and hearing impaired) are available to provide translation services during fall and spring conferences and throughout the year at parent meetings. All staff may use the Language Line, a real-time translator phone service, as a mode of communication. Each school and classroom may access the Language Line at any time. A video tutorial for accessing the service is available for staff use. Staff shares NWEA results with parents during conferences or informal discussions, phone calls, emails and newsletters using parent friendly/non-academic language. The district webpage has support for understanding the NWEA assessment and academic language used on the district report cards for each grade level.

	9. Does the school have a Title I Parental Involvement Policy/Plan?	Yes	2016-2017 Margaret Black Elementary Parent Involvement Policy attached.	2016-2017 Title 1 Parent School compact

10. Describe how the parent compact is used at elementary-level parent teacher conferences.

The compact is shared with parents and students at registration and at Open House in September. At Black Elementary, the Title I teacher displays and references the parent-teacher compact during the fall Title I informational night. All parties are asked to sign the compact. The compact is referenced periodically by staff. Staff reviews the compact at Fall Parent-Teachers Conferences in November. The compact is, again, revisited at the Spring Title I parent meeting.

Component 9: Coordination of Title I and Other Resources

1. Describe how the Federal, State and local programs are coordinated and integrated to serve eligible children.

Warren Consolidated Schools employs an Administrator of State and Federal Programs to ensure services to eligible students are coordinated. Our .8 Title I teacher(s) provide supplemental and timely instructional support to students during the school day. Title I staff work collaboratively with general education staff to monitor and support students in meeting eligible students' academic goals. Parent involvement activities are designed and implemented throughout the year. Parents have multiple opportunities for providing input into school and Title I program. Title IIa funds provide professional development to our teachers based on district and school improvement goals. Our teachers have participated in Balanced Literacy, job embedded guided reading coaching support, diagnostic assessment learning (DRA2). Additionally, our school receives an annual general fund allocation to support school improvement activities. For example, some teachers started being trained in Classroom Instruction that Works beginning in 2013 and this training continues. Early childhood federal and state grants, Headstart and Great Start Readiness Program (WCS World of Fours Program), provide 6 classrooms of free, quality preschool programs at Hatherly Educational Center. The programs focus heavily on building early literacy and math skills to support their success as they prepare for kindergarten. Parent involvement activities are regularly scheduled and an advisory group works cooperatively with early childhood and building staff. Federal grant, Title III, provides supplemental instructional support to eligible students on a daily; a family resource assistant works directly with EL families at meetings and by phone to support parents as they learn about the American school system, and our school works with the district's Department of Language Acquisition to plan and participate in afterschool/summer programs to support EL students. Federal grant, IDEA provides quality early childhood special education at Hatherly Education Center as well as special education support. Our Department of Nutrition Services provides Federally subsidized nutritious breakfast, lunch, and after school snacks during the school year and in the summer at no or low cost to eligible students. Building-level budget: Provides resources for additional instructional materials to be used for supplemental learning with at-risk TA students. Blessings in a Backpack, is a district initiative whereby staff and community volunteers provide weekend backpacks of food for more than 300 eligible students. This program is supported 100% by donations. Our district is not eligible for Section 31a, state grant for neither at risk students nor other Title I grant.

2. Describe how the plan demonstrates coordination and integration of Federal, State and local programs and services in a manner applicable to the grade levels of the school: violence prevention programs, nutrition programs, housing programs, Head Start, adult education, vocational and technical education, and job training.

All programs and resources are coordinated and integrated towards the achievement of the school goals. The plan describes how Warren Consolidated Schools use federal, state, and district resources and programs to implement the Title I components. Warren Consolidated Schools employs an Administrator of State and Federal Programs to oversee all aspects. Component 10: Ongoing Review of Student Progress

1. Describe how the progress of participating students is reviewed on an ongoing basis.

Black Elementary will evaluate the implementation of the Title I plan through a continuous-cycle model of the North Central Accreditation/AdvancED school improvement process. The staff use data from multiple sources--State assessments, DRA2, NWEA, District and Building Common Assessments, and staff, parent and student perceptual and implementation surveys and focus groups to determine the level of progress being made on the school goals during our PLC and grade level intervention meetings. Implementation of instructional strategies is monitored by the SIP team on an ongoing basis through a review of checklists, student samples and staff questionnaires to ensure strategies are being implemented with fidelity. Our staff has an opportunity to discuss the results' during PLC time. Students who continue to need additional academic support will be identified and provided supplemental instruction through extended learning programs. At risk students will be monitored throughout the year by the intervention staff and classroom teachers to determine the appropriateness and effectiveness of interventions utilized.

2. Describe how the Targeted Assistance program is revised to provide supplemental learning opportunities that enable participating children to meet the State's challenging student achievement standards.

Based on the continuous review of student achievement, the Title I teacher works collaboratively with the staff and administration to provide supplemental instruction in target skills in English Language Arts as determined by DRA2 testing, state assessments, and the NWEA common assessments. The needs of TA eligible students as well as input from staff and parents shape the Title I program at Black Elementary. The effectiveness of the current targeted assistance plan will be reviewed by our stakeholders in the Spring. Stakeholders have the opportunity to share their comments and offer suggestions for possible changes to improve the plan for the following year by attending a Title I Spring Review meeting, The SIP team will consider all ideas when updating the plan for the new school year.

3. Describe how teachers have been trained to identify students who need additional assistance or how to implement student achievement standards in the classroom based on the review of student progress.

The staff at Black Elementary administer the NWEA test twice a year from grades 1-5. The use of the NWEA, state assessments, and DRA2 testing helps the Title I staff identify which students are most at risk and need more academic support. The bottom 20-30% of students are identified and further reading basic skills testing is done, such as Dolch sight word lists and Easy CBM testing. Teacher input is welcomed to provide extra information to the Title I staff when selecting students to receive additional academic support. The MTSS grade level meetings provide time to data dig and dialogue about students of concern. Teachers and intervention staff progress monitor throughout the year to monitor growth of the Title I students.

Evaluation

NOTE: This is NOT a Targeted Assistance Plan Rubric Requirement---but it IS part of the process of Continuous School Improvement. This has been patterned after the Schoolwide Plan requirements, and it fulfills PA 25 requirements for an annual review of the plan.

1. Describe how the school evaluates the implementation of the Targeted Assistance program at least annually.

The SIP team analyzes the district provided survey at the conclusion of every year, which includes the evaluation of the Title I program. These surveys are provided for parents, students, and teacher to gather perception data to help the SIP team to understand how the TA program can be used to better support parents, students and staff. Additionally, the principal gathers staff feedback about the MTSS process and Title I support through staff surveys and teacher meetings. The Grade level intervention meetings are used to help progress monitor and discuss the effectiveness of the strategies being used in the Title I program.

The Title I teacher evaluates effectiveness of the program based on student growth as measured by the NWEA, DRA2 scores, Easy CBM data and teacher observations. The program evaluation tool allows the SIP team and Title I teacher time to discuss the success of the program and the needs for the following school year.

2. Describe how the school evaluates the results achieved by the Targeted Assistance program using data from the State's annual assessments and other indicators of academic achievement.

Common assessment data, NWEA scores and DRA2 scores are regularly evaluated during Professional Learning Communities (PLCs). Teaching staff use data to differentiate instruction and identify where services for students need to be revised. The TA program is revised based on the data of these assessments as well as input from the classroom teachers. Additional support is provided in a variety of forms. Tier II Interventions occur in the classroom from the classroom teacher, with the Title I, ELL or Special Education Teacher, as well as from the Allied Arts teachers (Music, STEM, Physical Education, Media Specialist and Art). Extra learning opportunities, such as target skills groups and additional intervention support time are also available for identified students to support in the areas of need.

3. Describe how the school determines whether the Targeted Assistance program has been effective in increasing the achievement of eligible students who are furthest from achieving the standards.

The SIP team and Title I teacher meet to analyze achievement data and discuss who will be best served by the TA program. Additionally, grade level teachers and the intervention staff meet to discuss concerns of new students and the progress of current students. Teacher input, classroom observations and grade level assessments are also reviewed during grade level intervention meetings by the Title I staff and teachers to help maintain fluid groups of the most at risk students. Based on the evaluation and analysis of DRA2 scores, NWEA scores, and academic improvement in the classroom, the staff determines if the TA program has been beneficial in closing the gap for students who were furthest from meeting state standards.

4. Describe the process that is followed by the school to revise the plan, as necessary, based on the evaluation, to ensure continuous improvement of eligible students in the Targeted Assistance program.

At the end of every year, the Title I teacher considers survey results from the staff and parents, in coordination with administration to help determine how to structure the TA program for the upcoming fall. The Title I teacher holds an annual Spring meeting where parents review

School Improvement Plan

Black Elementary School

the parent school policy as well as the achievement of the TA program throughout the school year. In addition, the academic focus of the program is revised to meet the needs of students as determined by the results of their NWEA, state assessments, and DRA2 scores. The program is monitored throughout the school year, as needed, based on the findings of the achievement results and the lowest performing students that are not making adequate progress, as well as the concerns expressed by the teachers.

Plan Description

Goals Summary

The following is a summary of the goals encompassed in this plan. The details for each goal are available in the next section.

#	Goal Name	Goal Details	Goal Type	Total Funding
1	All students will meet or exceed state standards in mathematics.	Objectives: 1 Strategies: 4 Activities: 27	Academic	\$80100
2	All students will meet or exceed state standards in reading.	Objectives: 1 Strategies: 4 Activities: 37	Academic	\$102100
3	All students will meet or exceed state standards in social studies.	Objectives: 2 Strategies: 5 Activities: 21	Academic	\$30800
4	All students will meet or exceed state standards in science.	Objectives: 1 Strategies: 5 Activities: 21	Academic	\$28700

Goal 1: All students will meet or exceed state standards in mathematics.

Measurable Objective 1:

85% of Third, Fourth and Fifth grade students will demonstrate a proficiency in state and national standards in Mathematics by 06/10/2022 as measured by the State assessments..

Strategy 1:

School and Community Collaboration* - Black Elementary staff will provide opportunities for the community and stakeholders to participate in various school-related activities. Activities will be designed to integrate the community in school-wide events and to inform parents of classroom strategies, expectations, and extended learning opportunities. Tier II students will also have additional parent collaboration opportunities through the Title I teacher.

Activity - Parent Information Literacy Training	Activity Type	Tier	Phase	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Information Literacy involves recognizing when information is needed and being able to efficiently locate, accurately evaluate, effectively use, and clearly communicate in various formats. Parent Information Literacy Training will happen twice a year. Parents will be provided an opportunity to navigate through MeL (Michigan's Electronic Library), PebbleGO (an online encyclopedia) and other grade appropriate databases and learning sites. This focus will help give parents a platform to help students understand the research process, learn how to cite sources, and how to find grade appropriate learning sites for all curricular areas. Activity - Parent Meet the Teacher and Curriculum Night	Activity Type	Tier	Phase	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible

School Improvement Plan

Black Elementary School

Parent Meet the Teacher and Curriculum night will be held for grades K-5 and designed by the classroom teachers within each grade level. Teachers will give an overview of the curriculum standards and expectations, as well as resources that may be available (i.e., classroom website, curriculum websites etc...). Examples of strategies that are modeled in the classroom will be modeled for parents. This will give parents the tools to help their child master concepts and will be held once in September. Activity - Vocabulary for Core Content Areas	Activity Type	Tier	Phase	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Students in grades K-5 will engage in vocabulary activities to help strengthen core academic vocabulary understanding. Each grade level will use appropriate journals for their grade level to keep track of core content vocabulary. Activities include, but are not limited to Vocabulary journals, alpha boxes, and other activities based on the SIOP training. Teachers will use these activities at least two times per unit/topic.	Curriculum Development	Tier 1	Implement	09/05/2017	06/15/2018	\$0	No Funding Required	All Classroom Teachers

Activity - Mindfulness	Activity Type	Tier	Phase	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Students in grades K-5 will explore and use mindfulness as a way to Regulate their emotions to improve healthy living habits for social and emotional growth. Students will learn about mindfulness and also have access to various tools to use mindfulness throughout the year. Tools include, but are not limited to, the mindfulness room, low lighting, glitter jars, positive I can statement, peer mediation.	Behavioral Support Program	Tier 1	Getting Ready	09/05/2017	06/15/2018	\$1000	General Fund	All Classroom Teachers

Strategy 2:

Differentiation Strategies Supported Through PLC Framework: Staff will collaborate as a PLC to strengthen the vertical and horizontal alignment between curriculum, instruction and assessment practices in all core and elective content areas. - * Staff will align instruction (lesson planning) with district curriculum and pacing guides.

* Staff will increase understanding of utilizing high-leverage, research-based instructional strategies in order to improve the impact of effective instruction on student achievement.

* Staff will create, implement and analyze building and district-level common assessments' results to drive instruction.

* Staff will implement a MTSS process (plan for in-class and school-level intervention/enrichment) to ensure all students' growth in achievement and behavioral success.

School Improvement Plan

Black Elementary School

* Staff will monitor and analyze the impact of adult implementation of instructional strategies and activities on student achievement. Discussions of differentiated instruction will take place and how to best work together in grade level teams to meet the needs of all students. Differentiated Instruction is an instructional concept that maximizes learning for all students regardless of skill level or background. In most classrooms, students have varying academic abilities, learning styles, background knowledge and experiences. They also have different personalities, interests, and levels of motivation for learning. Teachers who differentiate instruction use best practices that address the needs of individual learners. Classroom teachers will provide supplemental support to all Tier I and Tier II students 2-3 times per week. Intervention Staff will provide Tier III supplemented instruction to identified students for 30 minutes 3-5 times per week and will receive additional assistance based on the student's IEP.

Activity - Supplemental Materials for Hands-On Math	Activity Type	Tier	Phase	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Teachers will use math manipulatives throughout lessons at a minimum of twice a week to provide a hands-on experience for students. Manipulatives help students develop conceptual understanding of mathematical ideas by representing the ideas in multiple ways. By offering students a variety of manipulatives, students may choose which is the best way to visually represent the problem, which will help them explain their understanding. (Manipulatives may include, but are not limited to math versa-tiles, base ten blocks, sorting squares, scales, clocks, tangrams, solid figures, web-based learning activities, EnVision support materials, etc...) Activity - Implementation of Classroom Instruction that Works Strategies	Activity Type	Tier	Phase	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible

School Improvement Plan

Black Elementary School

Staff who are trained will use strategies from Classroom Instruction that Works, such as Advanced Organizers, Non-Linguistic Representations, Summarizing, Note Taking and Identifying Similarities and Differences during math instruction and activities. This will take place a minimum of three times per week.	Direct Instruction	Tier 1	Implement	09/05/2017	06/14/2018	\$0	No Funding Required	Classroom Teachers, Allied Arts Teachers, Title I, EL and Special Education Staff.
Activity - Research Based Professional Development	Activity Type	Tier	Phase	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Staff will participate in research-based instructional professional development. Professional development will benefit all students on the Multi-tier system of support. Professional development opportunities may include, but are not limited to Math Common Core Standards Implementation, Practical Ideas for Educators, Various MISD and WCS math training, Classroom Instruction that Works, Building Academic Vocabulary, Thinking Maps, The Leader in Me - 7 Habits for Happy Kids, Love and Logic, and Building Classroom Community. Activity - Monitor Implementation of Differentiation Strategies	Activity Type	Tier	Phase	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Monitor the implementation of differentiated strategies through principal walk throughs, lesson plans, computer lab schedules, staff discussions and student samples.	Monitor	Tier 1	Implement	09/06/2016	06/15/2017	\$0	No Funding Required	All teaching staff and Principal.
Activity - Classroom Environment	Activity Type	Tier	Phase	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Teachers will create a learning environment in which students know what they are supposed to be learning, have clear direction on how well they are progressing toward that learning objective, understand their roles as learners, have an engaging and interactive place to learn, and feel safe in their surroundings. They will do this by combining the Classroom Instruction that Works component "Creating the Environment for Learning" with classroom management strategies/activities. Creating a positive classroom environment using research based classroom management strategies along with a positive framework for learning will motivate and focus student learning, allow students to actively engage in and "own" their learning, provide opportunities for students to collaborate, and learn how to monitor and reflect on their behavior and learning. Teachers will attend PD to support this strategy. PD may include, but is not limited to CITW, Love and Logic, 7 Habits of Happy Kids etc...	Behavioral Support Program	Tier 1	Implement	09/05/2017	06/14/2018	\$20000	Title I Part A	All classroom teachers, Title I, EL, Resource Room, Allied Arts and support staff.

Activity - Progress Monitoring	Activity Type	Tier	Phase	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Staff will align instruction (lesson planning) with district curriculum and pacing guides. They will increase their understanding of utilizing high-leverage, research-based instructional strategies in order to improve the effectiveness of instruction. Staff will create, implement and analyze building and district-level common assessments' results to drive instruction. They will continue the MTSS process to ensure all student growth in achievement and behavioral successes and will monitor and analyze the impact of adult implementation of instructional strategies and activities as they relate to student achievement.	Evaluation	Tier 1	Monitor	09/05/2017	06/14/2018	\$0	No Funding Required	All staff.
Activity - Evaluate Math Journals	Activity Type	Tier	Phase	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Evaluate math journals by assessing how the journals are set up and vocabulary taught at the end of each trimester. Teachers will review to make sure how often the content vocabulary is being used. They will use the district provided rubric to score student work and adjust instruction accordingly.	Evaluation	Tier 1	Implement	09/05/2017	06/14/2018	\$0	No Funding Required	Classroom teachers.
Activity - Extended Day Learning Opportunities - After School Programs	Activity Type	Tier	Phase	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Students would be offered various enrichment opportunities after school. These programs may include, but are not limited to robotics, cartooning, tutoring etc...	Extra Curricular	Tier 1	Getting Ready	09/05/2017	06/14/2018	\$4000	Title I Part A	Any teaching staff member and principal.
Activity - Tablets for Technology Integration	Activity Type	Tier	Phase	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Tablets will be purchased to use with Title I students in the classroom. The tablets will be used to extend learning opportunities during guided math. Programs that can be used on the tablets include, but are not limited to MeL.org, math learning sites, BrainPop, IXL, Xtra Math, Dream Box, and any other grade appropriate app or website that will help with student achievement.	Technology	Tier 2		09/05/2017	06/14/2018	\$13000	Title I Part A	Classroom teachers, Title I and Media Specialist.
Activity - Summer Math Program	Activity Type	Tier	Phase	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible

School Improvement Plan

Black Elementary School

Title 1 teacher and classroom teachers will provide math assistance and activities to those students who attend the Summer Reading Program. Research shows that when students do not at least practice basic math facts over the summer they have more difficulty performing in the following school year. By providing students with the opportunity to practice and meet with a teacher or specialist, they are more likely to close the gap and have a more successful school year. Students will have the opportunity to come into the media center 5 times during the summer and work with a teacher, support staff, or volunteer.	Extra Curricular	Tier 3		09/05/2017	06/14/2018	\$1000	Title I School Improvement (ISI)	Title 1 staff, teachers, principal.
---	------------------	--------	--	------------	------------	--------	----------------------------------	-------------------------------------

Activity - DISC/Personality Insights	Activity Type	Tier	Phase	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Staff will be evaluated and trained by certified Personality Insights trainers. Personality Insights is about transformation based on understanding each staff members strengths and weaknesses. The trainers are committed to helping gain insights that will empower staff and students to improve. The approach is distinctly positive in orientation, because they are invested in building people to create stronger teams and stronger relationships. Training can also be extended to the classroom to better help teachers and students work together.	Behavioral Support Program	Tier 1	Implement	09/05/2017	06/14/2018	\$2000	Title I School Improvement (ISI)	All staff

Strategy 3:

Writing Across the Curriculum* - Teachers will include writing instruction across all content areas. They will provide opportunities for students to write-to-learn and write-to-demonstrate knowledge. This may include, but is not limited to journal writing, summarizing and research. Ultimately, students and teachers will be able to discern how well information is grasped and where deeper elaboration of key concepts is needed. Students will be able to take small pieces of content, analyze it and look for patterns and connections. Students who use writing as a technique to learn content will develop their skills as thinkers. Organization, summary, and analysis of content becomes easier for students, producing richer understandings. Writing can help students discover new knowledge—to sort through previous understandings, draw connections, and uncover new ideas as they write. Students become better readers, thinkers, and learners in a discipline by processing their ideas through writing.

Black Elementary School

Students will learn how to articulate what they are learning through Math Task Journaling. This will provide many opportunities for students to organize and record their work. Children must organize, clarify, and reflect on their thinking. Each grade level will use multiple Math Task Journal prompts for every unit they teach. Students will record the solutions to math problems, along with the strategy and thought processes used to arrive at the solution. Teachers will discuss, as a class, possible solutions and strategies. Teachers will use this at least two times per unit/topic. Thinking Maps training was provided by the MISD. This training helps bring a consistent tool and common vocabulary for our teachers and students to utilize, share, and incorporate into all content areas. Thinking Maps are graphic organizers that students will utilize while developing their thoughts as they progress throughout the writing process. As a staff, we will commit to understanding how these maps will help foster and deepen our students' thinking and problem solving. Thinking Maps are used frequently throughout the week in all content areas. In math, they will be used at least twice per unit. (shared) Strategy 2:

Differentiation Strategies Supported Through PLC Framework: Staff will collaborate as a PLC to strengthen the vertical and horizontal alignment between curriculum, instruction and assessment practices in all core and elective content areas. - * Staff will align instruction (lesson planning) with district curriculum and pacing guides.

* Staff will increase understanding of utilizing high-leverage, research-based instructional strategies in order to improve the impact of effective instruction on student achievement.

* Staff will create, implement and analyze building and district-level common assessments' results to drive instruction.

* Staff will implement a MTSS process (plan for in-class and school-level intervention/enrichment) to ensure all students' growth in achievement and behavioral success.

* Staff will monitor and analyze the impact of adult implementation of instructional strategies and activities on student achievement. Discussions of differentiated instruction will take place and how to best work together in grade level teams to meet the needs of all students. Differentiated Instruction is an instructional concept that maximizes learning for all students regardless of skill level or background. In most classrooms, students have varying academic abilities, learning styles, background knowledge and experiences. They also have different personalities, interests, and levels of motivation for learning. Teachers who differentiate instruction use best practices that address the needs of individual learners. Classroom teachers will provide supplemental support to all Tier I and Tier II students 2-3 times per week. Intervention Staff will provide Tier III supplemented instruction to identified students for 30 minutes 3-5 times per week and will receive additional assistance based on the student's IEP.

Goal 3: All students will meet or exceed state standards in social studies.

Measurable Objective 1:

85% of Fifth grade students will demonstrate a proficiency in national standards in Social Studies by 06/10/2022 as measured by the State assessments..

(shared) Strategy 1:

Differentiation Strategies Supported Through PLC Framework: Staff will collaborate as a PLC to strengthen the vertical and horizontal alignment between curriculum, instruction and assessment practices in all core and elective content areas. - * Staff will align instruction (lesson planning) with district curriculum and pacing guides.

* Staff will increase understanding of utilizing high-leverage, research-based instructional strategies in order to improve the impact of effective instruction on student achievement.

* Staff will create, implement and analyze building and district-level common assessments' results to drive instruction.

* Staff will implement a MTSS process (plan for in-class and school-level intervention/enrichment) to ensure all students' growth in achievement and behavioral success.

* Staff will monitor and analyze the impact of adult implementation of instructional strategies and activities on student achievement. Discussions of differentiated instruction will take place and how to best work together in grade level teams to meet the needs of all students. Differentiated Instruction is an instructional concept that maximizes learning for all students regardless of skill level or background. In most classrooms, students have varying academic abilities, learning styles, background knowledge and experiences. They also have different personalities, interests, and levels of motivation for learning. Teachers who differentiate instruction use best practices that address the needs of individual learners. Classroom teachers will provide supplemental support to all Tier I and Tier II students 2-3 times per week. Intervention Staff will provide Tier III supplemented instruction to identified students for 30 minutes 3-5 times per week and will receive additional assistance based on the student's IEP.

Information Literacy involves recognizing when information is needed and being able to efficiently locate, accurately evaluate, effectively use, and clearly communicate in various formats. Parent Information Literacy Training will happen twice a year. Parents will be provided an opportunity to navigate through MeL (Michigan's Electronic Library), PebbleGO (an online encyclopedia) and other grade appropriate databases and learning sites. This focus will help give parents a platform to help students understand the research process, learn how to cite sources, and how to find grade appropriate learning sites for all curricular areas. (shared) Strategy 3:

Classroom Environment - Teachers will create a learning environment in which students know what they are supposed to be learning, have clear direction on how well they are progressing toward that learning objective, understand their roles as learners, have an engaging and interactive place to learn, and feel safe in their surroundings. They will do this by combining the Classroom Instruction that Works component "Creating the Environment for Learning" with classroom management strategies/activities. Creating a positive classroom environment using research based classroom management strategies along with a positive framework for learning will motivate and focus student learning, allow students to actively engage in and "own" their learning, provide opportunities for students to collaborate, and learn how to monitor and reflect on their behavior and learning.

(shared) Strategy 4:

Writing Across the Curriculum - Teachers will include writing instruction across all content areas. They will provide opportunities for students to write-to-learn and write-to-demonstrate knowledge. This may include, but is not limited to journal writing, summarizing and research. Ultimately, students and teachers will be able to discern how well information is grasped and where deeper elaboration of key concepts is needed. Students will be able to take small pieces of content, analyze it and look for patterns and connections. Students who use writing as a technique to learn content will develop their skills as thinkers. Organization, summary, and analysis of content becomes easier for students, producing richer understandings. Writing can help students discover new knowledge—to sort through previous understandings, draw connections, and uncover new ideas as they write. Students become better readers, thinkers, and learners in a discipline by processing their ideas through writing.

Activity - DISC/Personality Insights	Activity Type	Tier	Phase	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Staff will be evaluated and trained by certified Personality Insights trainers. Personality Insights is about transformation based on understanding each staff members strengths and weaknesses. The trainers are committed to helping gain insights that will empower staff and students to improve. The approach is distinctly positive in orientation, because they are invested in building people to create stronger teams and stronger relationships. Training can also be extended to the classroom to better help teachers and students work together. (shared) Strategy 2:

School and Community Collaboration - Black Elementary staff will provide opportunities for the community and stakeholders to participate in various school-related activities. Activities will be designed to integrate the community in school-wide events and to inform parents of classroom strategies, expectations, and extended learning opportunities. Tier II students will also have additional parent collaboration opportunities through the Title I teacher.

(shared) Strategy 3:

Classroom Environment - Teachers will create a learning environment in which students know what they are supposed to be learning, have clear direction on how well they are progressing toward that learning objective, understand their roles as learners, have an engaging and interactive place to learn, and feel safe in their surroundings. They will do this by combining the Classroom Instruction that Works component "Creating the Environment for Learning" with classroom management strategies/activities. Creating a positive classroom environment using research based classroom management strategies along with a positive framework for learning will motivate and focus student learning, allow students to actively engage in and "own" their learning, provide opportunities for students to collaborate, and learn how to monitor and reflect on their behavior and learning.

Activity - Mindfulness	Activity Type	Tier	Phase	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Students in grades K-5 will explore and use mindfulness as a way to Regulate their emotions to improve healthy living habits for social and emotional growth. Students will learn about mindfulness and also have access to various tools to use mindfulness throughout the year. Tools include, but are not limited to, the mindfulness room, low lighting, glitter jars, positive I can statement, peer mediation.	Behavioral Support Program	Tier 1	Getting Ready	09/05/2017	06/15/2018	\$1000	General Fund	All Classroom Teachers

(shared) Strategy 4:

Writing Across the Curriculum - Teachers will include writing instruction across all content areas. They will provide opportunities for students to write-to-learn and write-to-demonstrate knowledge. This may include, but is not limited to journal writing, summarizing and research. Ultimately, students and teachers will be able to discern how well information is grasped and where deeper elaboration of key concepts is needed. Students will be able to take small pieces of content, analyze it and look for patterns and connections. Students who use writing as a technique to learn content will develop their skills as thinkers. Organization, summary, and analysis of content becomes easier for students, producing richer understandings. Writing can help students discover new knowledge—to sort through previous understandings, draw connections, and uncover new ideas as they write. Students become better readers, thinkers, and learners in a discipline by processing their ideas through writing.

Professional development opportunities may include, but are not limited to ELA Common Core Standards Implementation, Practical Ideas for Educators, Various MISD and WCS math training, Classroom Instruction that Works, Building Academic Vocabulary, The Leader in Me - 7 Habits for Happy Kids, Love and Logic, and Building Classroom Community.	Professional Learning	Tier 1	Implement	09/05/2017	06/14/2018	\$5000	Classroom teachers, Title I teacher, EL teacher and Resource Room teachers. (Allied arts and itinerants where appropriate.)
DISC/Personality Insights	Staff will be evaluated and trained by certified Personality Insights trainers. Personality Insights is about transformation based on understanding each staff members strengths and weaknesses. The trainers are committed to helping gain insights that will empower staff and students to improve. The approach is distinctly positive in orientation, because they are invested in building people to create stronger teams and stronger relationships. Training can also be extended to the classroom to better help teachers and students work together.	Behavioral Support Program	Tier 1	Implement	09/05/2017	06/14/2018	\$2000	All Staff
Summer Math Program	Title 1 teacher and classroom teachers will provide math assistance and activities to those students who attend the Summer Reading Program. Research shows that when students do not at least practice basic math facts over the summer they have more difficulty performing in the following school year. By providing students with the opportunity to practice and meet with a teacher or specialist, they are more likely to close the gap and have a more successful school year. Students will have the opportunity to come into the media center 5 times during the summer and work with a teacher, support staff, or volunteer.	Extra Curricular	Tier 3		09/05/2017	06/14/2018	\$1000	Title 1 staff, teachers, principal.

Thinking Maps	Thinking Maps training was provided by the MISD. This training helps bring a consistent tool and common vocabulary for our teachers and students to utilize, share, and incorporate into all content areas. Thinking Maps are graphic organizers that students will utilize while developing their thoughts as they progress throughout the writing process. As a staff, we will commit to understanding how these maps will help foster and deepen our students' thinking and problem solving. Thinking Maps are used frequently throughout the week in all content areas. In math, they will be used at least twice per unit. Summary statements of information found on Thinking Maps will be created where appropriate. Math Task Journaling	Students will learn how to articulate what they are learning through Math Task Journaling. This will provide many opportunities for students to organize and record their work. Children must organize, clarify, and reflect on their thinking. Each grade level will use multiple Math Task Journal prompts for every unit they teach. Students will record the solutions to math problems, along with the strategy and thought processes used to arrive at the solution. Teachers will discuss, as a class, possible solutions and strategies. Teachers will use this at least two times per unit/topic.
