Green Acres Elementary School Annual Education Report (AER) Cover Letter

August 19, 2013

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2012-2013 educational progress for the Green Acres Elementary School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Stacey Byle, Principal, for assistance.

The AER is available for you to review electronically by visiting the following web site http://www.wcskids.net/curriculum/annual report/aer or you may review a copy in the principal's office at your child's school.

The state has identified some schools with the status of Reward, Focus, or Priority. A Reward school is one that is outperforming other schools in achievement, growth, or is performing better than other schools with a similar student population. A Focus school is one that has a large achievement gap in 30% of it's student achievement scores. A Priority school is one whose achievement and growth is in the lowest 5% of all schools in the state.

Our school has not been identified as a "FOCUS" OR "PRIORITY" School this year.

We have discovered that although our overall enrollment has stayed consistent since 2009 Green Acres Elementary School has had an increase in the number of English Language Learners as well as Economically Disadvantaged students. Within these two subgroups we have found gaps in the math and language arts scores. Our data indicates that the Economically students are performing approximately 4 months behind the school norm, while our EL students scored approximately 1 year behind the school norm. The staff has concluded that these weaknesses are due to lack of understanding academic vocabulary and prior knowledge experiences.

To close these gaps Green Acres and increase student achievement Green Acres Elementary School is implementing their MTSS program. The MTSS program provides interventions for students needing extra support in the areas of math and language arts on a Tier I, Tier II & Tier III intervention level. Interventions include small group individualized instruction by a highly qualified Title One Teacher, Language Acquisition Teacher and/or certified paraprofessional. Our Tier III support/interventions include the prior and may include special education services. Green Acres also provides after-school extended school day activities, by highly qualified teachers, for those students who need extra support in math and language arts

State law requires that we also report additional information.

- 1. PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL Students are assigned to schools according to their address of residence within the district's boundaries. Parents may request another school within the District under the Open Enrollment process, however, transportation is not provided. The Board of Education has determined that it will allow nonresident students, residing within the Macomb ISD, but whose parent(s) reside in the District, and who qualify to enroll in the District through a Schools of Choice program.
- 2. Green Acres School is in its second implementation year of the School Improvement Plan. Green Acres Elementary staff continuously evaluates and revisits the School Improvement Plan. This process is based on all staff members monitoring student progress and identifying academic progress and gaps. The following School Improvement Goals have been identified for the 2013-2014 school year:
 - All students will continue to achieve at or above District and State Standards in the area of math.
 - All students will improve their DRA2 levels in reading which will increase comprehension and academic vocabulary in the areas of reading, math, science, and social studies.
 - All students at Green Acres Elementary School will improve written expression in language arts, math, science and social studies.
- 3. Warren Consolidated Schools offers several specialized programs to meet the needs of a variety of learners.

The **Macomb Math and Science Center (MMSTC)** is an honors program for 9th – 12th grade students in 11 Macomb County districts who are interested in advanced/accelerated mathematics, science, and computer technology. Students must apply and be selected for the program based upon placement testing and teachers recommendation. The Center's

program is a half day and students attend their home school for the remainder of the day.

The **Career Preparation Center (CPC)** programs are open to Clintondale, Fraser, and Warren Consolidated 11th and 12th grade students. CPC programs are designed to provide students with skills to enter the workforce or continue with additional college or workplace training. Career Technical Education (CTE) classes at the CPC provide technical skills and knowledge. Students enrolled in these programs are often able to earn technical certifications as well as college credit.

Community High School and North Star Academy are alternative education programs for middle and high school students. Both programs are located at the Butcher Educational Center.

4. Warren Consolidated Schools follows all State of Michigan curriculum guidelines. The Board of Education has adopted a core curriculum based on Michigan Curriculum Framework, Grade-Level Content Expectations/Common Core State Standards, and Michigan Merit Curriculum approved by the State Board of Education. A copy of the core curriculum may be assessed at www.wcskids.net.

5. DRA2 & IOWA DATA:

Green Acres Elementary uses the Developmental Reading Assessment (DRA) to assess reading achievement in grades K-5th. 84% of the students at Green Acres are at or above grade level in reading. The chart below indicates the percentage of Green Acres students who are above grade level in reading, on grade level and below grade level.

Year	Above Grade	On	Below Grade
	Level	Grade Level	Level
2011-2012	44%	40%	16%

Beginning in the fall of 2012 we began to use Data from the Iowa Battery to assess student achievement from fall to spring. The IOWA results indicate that all grade levels K-5 made significant gains from fall to spring. The NA areas indicate that students are not tested in these subject areas.

IOWA Fall 2012-Spring 2013

Grade Level Equivalent Measurement from fall to spring

	Reading	Reading	Math	Math	S.Studies	S.Studies	Science	Science	Composite	Composite
	Fall	Spring	Fall	Spring	Fall	Spring	fall	Spring	Fall	Spring

	Fall	Spring
2011-2012	97%	94%
2012-2013	95%	92%
Change	-2%	-2%

Green Acres staff is committed to helping all students achieve. We understand that all students learn and a variety of ways and individualize instruction to meet the needs of our students. We strive to establish an environment where everyone feels welcome and student success is attained. The Green Acres Community members are supportive of the many activities that take place at our school. Our commitment is to create a positive learning environment and future for all of our children.

Sincerely,

Stacey Byle Principal
