North Star Academy Annual Education Report (AER) Cover Letter

August 19, 2013

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2012-2013 educational progress for the North Star Academy. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Paul Yestrepesky, Director, for assistance.

The AER is available for you to review electronically by visiting the following web site http://www.wcskids.net/curriculum/annual_report/aer or you may review a copy in the principal's office at your child's school.

The state has identified some schools with the status of Reward, Focus, or Priority. A Reward school is one that is outperforming other schools in achievement, growth, or is performing better than other schools with a similar student population. A Focus school is one that has a large achievement gap in 30% of its student achievement scores. A Priority school is one whose achievement and growth is in the lowest 5% of all schools in the state.

Our school has not been identified as a "FOCUS" OR "PRIORITY" School this year.

North Star Academy increased the number of students who attended this year to nearly 100. The transitory nature of the student enrollment presents challenges in the design and implementation of instructional delivery. However, North Star Academy teachers continued to demonstrate increased student achievement for nearly all students in all core academic areas. Key initiatives that facilitated increased student achievement were twofold: (1) the weekly student performance rubric with accompanying parental involvement and an incentive program; (2) increased emphasis on reading and writing across the curriculum; and (3) dedicated daily focus to instructional delivery and high student expectations.

State law requires that we report the following information:

1. **PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL** – Students are assigned to schools according to their address of residence within the district’s boundaries. Parents may request another school within the District under the Open Enrollment process, however, transportation is not provided. The Board of Education has determined that it will allow nonresident students, residing within the Macomb ISD, but whose parent(s) reside in the District, and who qualify to enroll in the District through a Schools of Choice program.
2. North Star Academy is in its fourth year of the School Improvement Plan.
3. Warren Consolidated Schools offers several specialized programs to meet the needs of a variety of learners.

The **Macomb Math and Science Center (MMSTC)** is an honors program for 9th – 12th grade students in 11 Macomb County districts who are interested in advanced/accelerated mathematics, science, and computer technology. Students must apply and be selected for the program based upon placement testing and teachers recommendation. The Center’s program is a half day and students attend their home school for the remainder of the day.

The **Career Preparation Center (CPC)** programs are open to Clintondale, Fraser, and Warren Consolidated 11th and 12th grade students. CPC programs are designed to provide students with skills to enter the workforce or continue with additional college or workplace training. Career Technical Education (CTE) classes at the CPC provide technical skills and knowledge. Students enrolled in these programs are often able to earn technical certifications as well as college credit.

Community High School and North Star Academy are alternative education programs for middle and high school students. Both programs are located at the Butcher Educational Center.

4. Warren Consolidated Schools follows all State of Michigan curriculum guidelines. The Board of Education has adopted a core curriculum based on Michigan Curriculum Framework, Grade-Level Content Expectations/Common Core State Standards, and Michigan Merit Curriculum approved by the State Board of Education. A copy of the core curriculum may be assessed at www.wcskids.net.
5. North Star Academy student achievement data is not readily available utilizing the current data warehouse system. However, student data was

individually “pulled” for analysis on the pre and post-test IOWA assessment. This data indicated the following conclusions: (1) students who remained 3 quarters or longer at North Star showed the highest increase with an average of 2.3 grade level increase on the IA-Composite; all academic areas measured by the IOWA demonstrated increases in student achievement; (3) the two highest content area increases on IOWA were in Written Expression and Math; written expression was a school wide goal at North Star this year and the local data measuring pre and post-test writing mirrored this increase (4) post-test data indicates that 14% of North Star students post-tested above grade level; 5% post-tested on grade level; 17% post-tested one grade level below; 10% post-tested two grade levels below; 33% post-tested three grade levels below; 7% post-tested four grade levels below; and 14% had no post-test data available; and (5) weekly rubric data for performance did not indicate consistent gains across time, which may have been due to the transitory nature of the students. Individual growth on this measure was not analyzed.

6. Parent – Teacher Conference Information – Parent Participation at Fall and Spring Conferences.

	Fall	Spring
2011-2012	48%	63%
2012-2013	72%	43%
Change	+24%	-20%

North Star Academy staff and parents are committed to providing an alternative educational environment for students who have not been successful in the traditional environment. Staff, parent, and student satisfaction indicate that the strong and positive staff-student relationships are an integral part of student success. While academic deficits are prominent in nearly all North Star Academy students, the academic achievement gains for nearly all students in all core areas is evidence that North Star Academy is a successful intervention for many students. Congratulations to the North Star Academy staff for improving student achievement and creating a learning environment in which students believe in themselves and their abilities.

Sincerely,

Paul Yestrepky
 Director of Alternative Education, 2013-14
