## North Star Academy Annual Education Report (AER) Cover Letter

August 15, 2014

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2013-2014 educational progress for the North Star Academy. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Paul Yestrepky, Principal, for assistance.

The AER is available for you to review electronically by visiting the following web site [http://www.wcskids.net/curriculum/annual\\_report/aer](http://www.wcskids.net/curriculum/annual_report/aer) or you may review a copy in the main office at your child's school.

The state has identified some schools with the status of Reward, Focus, or Priority. A Reward school is one that is outperforming other schools in achievement, growth, or is performing better than other schools with a similar student population. A Focus school is one that has a large achievement gap in 30% of its student achievement scores. A Priority school is one whose achievement and growth is in the lowest 5% of all schools in the state.

Our school has not been identified as a "REWARD," "FOCUS" OR "PRIORITY" school this year.

Due to budgetary consolidation North Star Academy was in operation for only the first semester of the 2013-2014 school year. The transitory nature of the student enrollment presents challenges in the design and implementation of instructional delivery. Key initiatives implemented to facilitate increased student achievement were: (1) the weekly student performance rubric with accompanying parental involvement and an incentive program; (2) increased emphasis on reading and writing across the curriculum; and (3) dedicated daily focus to instructional delivery and high student expectations.

State law requires that we also report the following additional information for the two most recent years:

1. PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL

Students are assigned to schools according to their address of residence within the district's boundaries. Parents may request another school within the District under the Open Enrollment process, however, transportation is not provided. The Board of Education has determined that it will allow nonresident students, residing within the Macomb ISD, but whose parent(s) reside in the District, and who qualify to enroll in the District through a Schools of Choice program.

2. North Star was in year 5 of the school improvement process. Focusing on closing the gap academically and behaviorally.
3. Warren Consolidated Schools offers several specialized programs to meet the needs of a variety of learners.

The **Macomb Math and Science Center (MMSTC)** is an honors program for 9<sup>th</sup> – 12<sup>th</sup> grade students in 11 Macomb County districts who are interested in advanced/accelerated mathematics, science, and computer technology. Students must apply and be selected for the program based upon placement testing and teachers recommendation. The Center's program is a half day and students attend their home school for the remainder of the day. It is located at Butcher Community Center.

The **Middle School Mathematics Science Technology Center (MS)2TC** offers an advanced mathematics, science technology option for middle school students. Students who are accepted into the program will split their day between their home middle school, where they will take their social studies and two elective classes, and Butcher Educational Center, where they will take their mathematics, science and English language arts classes.

The **Middle School- School of Performing Arts (MS-WCSPA)** is an exciting, creative program that has been designed to build on the district's nationally-acclaimed, award-winning high school performing arts program (WCSPA) which is located in Sterling Heights High School. MS-WCSPA is intended for academically-focused and creative students who seek to blend their academic experience with interest in the performing arts. Students who are accepted into the program will split their school day between their home middle school, where they will take their language arts, science, and math classes, and Butcher Educational Center, where they will take their social studies and two performing arts electives. The performing arts electives will include visual arts, music, dance, and theatre exploratory experiences.

The **Career Preparation Center (CPC)** programs are open to Clintondale, Fraser, and Warren Consolidated 11<sup>th</sup> and 12<sup>th</sup> grade students. CPC programs are designed to provide students with skills to enter the workforce or continue with additional

college or workplace training. Career Technical Education (CTE) classes at the CPC provide technical skills and knowledge. Students enrolled in these programs are often able to earn technical certifications as well as college credit.

**Community High School** is an alternative education program for high school students. The primary objective of the school is to assist enrolled students in meeting their high school graduation requirements in a timely manner. It is located at the Flynn Educational Center along with the adult **ESL program**.

**Year-round education** offers many benefits for students and families such as increased student achievement and retention rates, more effective learning environment by reduced time spent reviewing, expanded enrichment and intervention opportunities for students, and expanded educational choice options for parents. Year-round education is offered at Fillmore, Siersma, and Holden Elementary Schools.

4. Warren Consolidated Schools follows all State of Michigan curriculum guidelines. The Board of Education has adopted a core curriculum based on Michigan Curriculum Framework, Grade-Level Content Expectations/Common Core State Standards, and Michigan Merit Curriculum approved by the State Board of Education. A copy of the core curriculum may be accessed at [www.wcskids.net](http://www.wcskids.net).
5. Program Data from the IOWA and MEAP is not attainable due to the closing of the program and the redistribution of students back to their home schools and to other educational opportunities such as on-line learning.
6. Parent Participation at fall and spring Conferences

YEAR	FALL	SPRING
2012-2013	72%	43%
2013-2014	49%	N/A
CHANGE	-23%	N/A

North Star Academy staff and parents were committed to providing an alternative educational environment for students who have not been successful in the traditional environment. Staff, parent, and student satisfaction indicates that the strong and positive staff-student relationships are an integral part of student success. While academic deficits are prominent in nearly all North Star Academy students, teachers focused on the positives of each student and how they learn best.

Congratulations to the North Star Academy staff for their efforts in improving student achievement and creating a learning environment in which students believe in themselves and their abilities.

Sincerely,

*Paul Yestrepky*

Director of Alternative Education
