Carter Middle School Annual Education Report (AER) Cover Letter

March 10, 2017

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2015-16 educational progress for the Carter Middle School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Amy Hendry for assistance.

The AER is available for you to review electronically by visiting the following web site <http://www.wcskids.net/District/Annual-report/index.htm>, or you may review a copy in the main office at your child's school.

For the 2016-17 year, no new Priority or Focus schools were named; some Priority or Focus schools did exit their status because they met the exit criteria. New Reward schools were identified using school rankings and Beating the Odds information. A Focus school is one that has a large achievement gap between the highest and lowest achieving 30% of schools. A Priority school is one whose achievement and growth is in the lowest 5% of all schools in the state. A Reward school is one that has achieved one or more of the following distinctions: top 5% of schools on the Top-to-Bottom School Rankings, top 5% of schools making the greatest gains in achievement (improvement metric), or "Beating the Odds" by outperforming the school's predicted ranking and/or similar schools. Some schools are not identified with any of these labels. In these cases no label is given.

Our school "HAS NOT BEEN GIVEN ONE OF THESE LABELS".

Carter Middle School students are assessed in the fall and spring of each school year using the NWEA. All staff completed basic training to assist with analyzing NWEA and MSTEP data in an effort to identify students needing additional academic support. In an effort to identify students who need additional assistance to reach proficiency, the following programs were implemented to begin the process of developing a MTSS. The Advantage Math Recovery (AVMR) program is exercised with all Title I students which allow foundational math practice, participate in re-teaching lessons, and daily assessments. The Moby Max online program is utilized with students for additional academic support in

the areas of math and reading. Non-proficient MSTEP students in the area of English language arts participate in the Accelerated Adolescent Reading Initiative (ACRI) on a daily basis. Non-proficient MSTEP students in the area of math are presented with the opportunity to participate in a five week summer school program using MATHIA-Carnegie Learning.

State law requires that we also report the following additional information for the two most recent years:

1. **PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL**
Students are assigned to schools according to their address of residence within the district's boundaries. Parents may request another school within the District under the Open Enrollment process, however, transportation is not provided. The Board of Education has determined that it will allow nonresident students, residing within the Macomb ISD, but whose parent(s) reside in the District, and who qualify to enroll in the District through a Schools of Choice program.
2. Carter Middle School is going into year 1 of a 5 year school improvement plan.
3. Warren Consolidated Schools offers several specialized programs to meet the needs of a variety of learners.

The **Macomb Math, Science and Technology Center (MMSTC)** is an honors program for 9th – 12th grade students in 11 Macomb County districts who are interested in advanced/accelerated mathematics, science, and computer technology. Students must apply and be selected for the program based upon placement testing and teachers recommendation. The Center's program is a half day and students attend their home school for the remainder of the day. It is located at Butcher Educational Center.

The **Middle School Mathematics Science Technology Center (MS)2TC** offers an advanced mathematics, science technology option for middle school students. Students who are accepted into the program will split their day between their home middle school, where they will take their social studies and two elective classes, and Butcher Educational Center, where they will take their mathematics, science and English language arts classes.

The **Middle School- School of Performing Arts (MSVPA)** is an exciting, creative program that has been designed to build on the district's nationally-acclaimed, award-winning high school performing arts program (WCSPA) which is located in Sterling Heights High School. MS-WCSPA is intended for academically-focused and creative students who seek to blend their academic experience with interest in the performing arts. Students who are accepted into the program will split their school day between their home middle school, where they will take their language arts, science, and math classes, and Butcher Educational Center, where they will take their social studies and two performing arts electives. The performing arts electives will include visual arts, music, dance, and theatre exploratory experiences.

The **Career Preparation Center (CPC)** programs are open to Clintondale, Fraser, and Warren Consolidated 11th and 12th grade students. CPC programs are designed to provide students with skills to enter the workforce or continue with additional

college or workplace training. Career Technical Education (CTE) classes at the CPC provide technical skills and knowledge. Students enrolled in these programs are often able to earn technical certifications as well as college credit.

Community High School is an alternative education program for high school students. The primary objective of the school is to assist enrolled students in meeting their high school graduation requirements in a timely manner. It is located at the Flynn Educational Center along with the adult **ESL program**.

The **Hatherly Early Childhood Center** supports the mission and vision of Warren Consolidated Schools in a variety of ways. The building is home to the WCS Early Childhood Special Education (ECSE) Program, the World of Fours (grant-supported pre-school for 4 year-olds) Program, Transitional kindergarten, and several Macomb-Intermediate School District Head-Start classrooms.

Year-round education offers many benefits for students and families such as increased student achievement and retention rates, more effective learning environment by reduced time spent reviewing, expanded enrichment and intervention opportunities for students, and expanded educational choice options for parents. Year-round education is offered at Siersma and Holden Elementary Schools.

- Warren Consolidated Schools follows all State of Michigan curriculum guidelines. The Board of Education has adopted a core curriculum based on Michigan Curriculum Framework, Grade-Level Content Expectations/Michigan State Standards, and Michigan Merit Curriculum approved by the State Board of Education. A copy of the core curriculum may be accessed at www.wcskids.net.

The staff at Carter, while devoted to treating each child as an individual and nurturing their creativity, is also committed to the District's long-standing tradition of excellence, and continues to persevere in areas of innovation and technology. Carter is committed to the development of well-rounded individuals who are physically, socially, and emotionally sound. Learning at Carter is personalized and versatile, while we work hard to provide a warm, caring environment that not only touches the hearts and minds of the children, but also prepares them to be lifelong learners in our fast-paced global society. As a staff, we are embracing data which services as a guide for identifying areas of strength and weakness. Our school improvement plan is constructed using MSTEP and NWEA focus areas and will continue to be the driving force behind reaching all students.

All Carter teachers are teaching and learning with enhanced technology in every classroom. Carter staff participated in Classroom Instruction that Works professional development throughout the 2015-2016 school year. Data is used daily at Carter to guide instruction, design and implement accommodations/modifications when necessary, and offer accelerated academics to those students who need additional challenges. With the assistance of our common prep hours by academic core, teachers are given daily opportunities to work in collaboration to reach high academic achievement across all levels. Carter is looking forward to implementing Ambitious Teaching and Learning strategies in 2016-2017. Carter Middle School and all community stakeholders are committed to academic excellence, clear expectations, and strong relationships.

Sincerely,

Amy Hendry

Principal, Carter Middle School
