June 18, 2015**

### **Warren Mott students awarded more than \$27,000 in scholarships from Winning Futures**

Warren, MI – Five students from Warren Mott High School were recently awarded scholarships totaling \$27,500 for continuing education from the school-based mentoring program Winning Futures.

Santana Robinson, Dallas Wheelock, Colleen Wilson, Nicole Anne Dominique Yu, and Alina Zhuravel were awarded scholarships based on written essays and interviews that were conducted by business and community leaders at the June 8 Winning Futures Awards celebration.

“We are excited that our students get the opportunity to receive scholarships to continue their educational careers,” Warren Mott Principal John Dignan said. “Winning Futures is by far the most impressive mentoring program at Warren Consolidated Schools. I cannot put into words what the program means to our students.”

Winning Futures is an award winning nonprofit organization that makes a difference in the lives of young people by offering school-based mentoring programs and workshops for middle and high school students in Southeast Michigan. The programs focus on the life skills of character value identification, goal setting, career preparation, and strategic planning.

The Winning Future Award celebration was sponsored by Lusk & Albertson, Extra Credit Union, FCA Foundation, and Lear Corporation.
